

BOLD ATTEMPT TO ROB A PORTLAND BANK

TRUST IS SAME AS GAMBLER

Judge Decides One Need Not Pay For Goods Bought

ST. LOUIS, June 25.—In the circuit court Judge Ryan decided in favor of the purchaser who contended that he does not have to pay for goods which he voluntarily bought from a concern which, he alleges, is a member of a so-called trust. The Swift Manufacturing Company had brought suit for \$240 against Joseph E. Walsh on the allegation that Walsh had bought goods to the value of the judgment asked and had refused to pay for them. Walsh acknowledged that this was true, and stated he had installed the goods in a flat.

SAUSAGES ARE ALL DOCTORED

Buyers Must Be Told the Preservatives That Are Used.

NEW YORK, June 25.—Within the last two weeks, it is learned, about fifty manufacturers of sausages have been called before the Board of Health and warned that they will be prosecuted to the full extent of the law if they do not at once comply with the provisions of the sanitary code and label their product with a description of any preservatives used.

THIS IS THE WAY TO TREAT ICE MAN

TOLEDO, O., JUNE 25.—FIVE ICE DEALERS REPRESENTING LOCAL COMPANIES WERE SENTENCED IN COMMON PLEAS COURT TODAY TO PAY A FINE OF \$5000 EACH AND EACH MAN TO SERVE ONE YEAR IN THE WORKHOUSE.

TRYING TO SAVE GUILTY LAWYER

Counsel for David Mitchell Want to Prevent Him From Going to the Penitentiary.

Attorneys for David Mitchell, the lawyer found guilty of having misled Evelyn Walker, are engaged today in arguing a motion for a new trial of the case before Judge T. W. Harris. It is claimed by them that the verdict arrived at by the jury was founded upon numerous errors that crept into the trial of the case and they are now pointing out to the judge the portions of the testimony that in their opinion should have been excluded or allowed in evidence.

SAYS COURT ERRED.
In his argument this morning Attorney J. E. McElrath contended that the court erred in allowing Evelyn Walker, the prosecutrix in the case, to be recalled to explain and straighten out testimony given on her direct examination. She was interrogated in regard to her relations with Mitchell and stated that two offenses had been committed. Her examination upon this point was stopped at this point by Deputy District Attorney Hynes and later he was allowed to reopen his case in order to show the times and places where the alleged offenses were committed.

Having once got his answer in regard to what had been done, counsel argued he was not entitled to proceed with the same line of questioning after the case had been closed. The opening of the case, he maintained, was only for the admission of new matter inadvertently omitted.

GIRL WAS ARRESTED.
He also contended that the court erred in not granting them an opportunity to show that Evelyn Walker, at the time she swore to the complaint against Mitchell, was in the city prison under arrest for vagrancy and that she had been threatened by the father of Bernice Brown, the companion of the Walker girl, with prosecution and imprisonment at Whittier reformatory if she did not swear to the complaint. It is claimed by counsel that this testimony would have ended to greatly weaken her credibility as a witness and that as such

it was admissible and should have been allowed.

ERROR CHARGED.
It is claimed that the court in allowing a wide range in the cross examination of Mitchell erred. That but one question was propounded to Mitchell upon his direct examination, that he was examined at great length and that they at the same time were summarily cut short in their cross examination of the prosecutrix.

An error was committed, it is claimed in the court's striking out of the testimony an explanation of an answer made by Mitchell. In his examination Hynes asked Mitchell if he did not tell "Piggie" Baumgarten in the county jail that he wanted \$500 to give the detectives in the case in order to beat it. Mitchell in answer to this said "No," that Baumgarten was his enemy. The explanation was cut out by Judge Harris. It was claimed by Attorney McElrath that Mitchell was entitled to make this explanation, to show that he would not have had confidential relations with a man who was his enemy. Baumgarten was allowed to testify to this and it is claimed the explanation made by Mitchell was not only competent, but necessary and should have been allowed to go to the jury.

NEVER MORE TIME.
At 11 o'clock today it was seen that the arguments could not be completed at the morning session and it was put over until 2 o'clock when they will be resumed. The adjournment at that time being taken in order to allow McElrath opportunity to look for decisions to support a point he made in which he contended that the court was in error in not allowing them to put on a witness to impeach the testimony of Bernice Brown who stated that she knew the reputation of Bernice Brown to be bad. The court held that as the witness said she did not know Bernice Brown personally she was barred from testifying. McElrath claimed to have several cases in point on the subject and said that he would produce them at the afternoon session.

KILLED IN A STREET FIGHT

Race War Results in a Fierce Hand-to-Hand Battle.

CHICAGO, June 25.—A feud in the Austrian colony at Thornton, Ill., resulted yesterday in a fight which waged up and down the main street of the town for an hour and ended in the killing of one man and the injury of many others.

RACE WAR.
Peter Hendricks, a laborer on the town roadway, was the innocent victim of the race war. The man who shot him gave the name of John Stienucz, a laborer in a stone quarry. Edward Goehling, a night watchman in the quarry works, was probably fatally injured.

The fight started in a saloon, headquarters of the Austrians employed in the stone works. There had been strife among these men and an outbreak was expected.

Goehling, it is said, started the immediate trouble by trying to break up a celebration which the Austrians were having in the saloon.

DRINKING AND SINGING.
The men were seated in crowds about the tables, drinking and singing. The entrance of Goehling was the signal for an uprising. Bottles cracked over heads and knives were drawn. The fighters surged into the backyard of the saloon and then spread into the street. Stienucz secured a revolver and led a small band of men down the main street.

Crowds of people had gathered and Stienucz began shooting at them. Hendricks was in the front rank of the spectators and fell dead at the first volley.

ENRAGED CROWD.
This so enraged the crowd that an immediate attempt was made to lyn Stienucz. He was surrounded and beaten on the head with beer bottles. When the police rescued him he was unconscious. He and four of the rioters were locked up.

'DUMBARTON' SAFE IN PORT

After Being in Ice off Siberian Coast, Arrives in Japan.

OTRU, Japan, June 25.—The British steamer Dumbarton from San Francisco, which was frozen in on the Siberian coast, has been floated and has arrived at this port. Two thousand tons of the cargo have been saved. The steamer will proceed to Nagasaki for repairs.

LONDON, June 25.—Commander Booth Tucker and Miss Minnie Reid were married today at the Salvation Army's citadel, Southampton. General Booth officiated. Only relatives and high officers of the Salvation Army were present.

GREAT AUDIENCE ATTENDS ANNUAL YALE EXERCISES

Secretary Victor Metcalf Delivers the Chief Address at the Class Gathering.

NEW HAVEN, Conn., June 25.—Favored by delightful weather and with audiences which for numbers exceeded in size any on previous like occasions, the class-day exercises of four departments in Yale University were held today.

The academic gathering was on the college campus, where the program followed closely that which custom has established.

The Sheffield scientific school exercises were in Hill house.

Of the four gatherings, the most interest centered in the Hendrie hall gathering, which was preceded by a meeting of the law school alumni at which a number of men of national reputation made short addresses.

The chief address at the class gathering was by Victor M. Metcalf, secretary of the Department of Commerce and Labor.

The influx of visitors for the events of the commencement week, the expectations that Yale would gather about her the largest body of re-united classes and alumni of other years in her history were fulfilled.

FOREST BLAZES

Texas Town Threatened Several Mining Camps in Danger.

EL PASO, Tex., June 25.—Forest fires are burning in the timber tracts near Magdalena county, and the town of Magdalena is threatened. It is reported that several mining camps have been destroyed. The region is sparsely populated with American miners.

WASHINGTON, June 25.—Congress has no right to regulate insurance, according to the senate committee on the judiciary. The report of that committee was presented today by Senator Spooner. The committee promises to give its reasons at a later date.

BURGLARS FAIL TO GET COIN

Watchman Was on the Scene in the Nick of Time

PORTLAND, Ore., June 25.—What appears to have been an unsuccessful attempt to break into the United States National Bank occurred last night, during the early morning. The burglars succeeded in gaining access to the cellar underneath the bank, but were frightened off by a detective and a watchman attracted to the spot by the noise of closing the steel trap doors which lead from the street into the cellar.

A large jewelry store on Morrison street was robbed last night and jewelry stores in two suburban towns were broken into during the night and articles stolen. Several weeks ago an attempt was made to rob another large bank in this city.

ATTEMPT TO WRECK PLANT

Workman Uncovers Dynamite Caps in Flint Sand Shipped to Match Company.

HACKENSACK, N. J., June 25.—The discovery of two tin boxes, containing two hundred dynamite blasting caps, in Flint sand and shipped to the Federal Match Company's plant, at Garfield, N. J., leads the authorities to believe that an attempt was made to blow up that plant and kill several workmen.

The discovery was made late Saturday, when John Bennett was shoveling sand from a box received two days ago from West Virginia. Fortunately the shovel only touched the package sufficiently to warn him of its presence. The tin boxes were wrapped in sheets of a Philadelphia paper dated April 3, 1905. The police say that had Bennett's shovel hit the boxes with sufficient force to explode the caps the plant would have been wrecked and several persons killed.

WOMAN TO CARRY MAIL

BERKELEY, June 25.—The Berkeley postoffice now has a woman letter carrier, George R. Parker, who for the last few years has been doing the rural free delivery work, has resigned, and his place has been taken by Mrs. A. S. Stowell, wife of an Orinda Park farmer. Mrs. Stowell, who has just assumed her duties, covers a thirty mile route daily and receives sixty dollars a month salary for carrying the United States mail over what is known as rural free delivery route No. 1.

SALOONS OPENED SUNDAY

Liquor Men Will Ask for a Return to Former Conditions.

A large number of the saloons which, since the earthquake, have been closed on Sundays, were reopened yesterday for the first time since the saloonmen's voluntary move to close them on that day. The executive committee of the Knights of the Royal Arch, a lodge of saloon men, which was responsible for the Sunday closing, objected to the reopening, but business was resumed notwithstanding. The saloon proprietors have also become dissatisfied with the ordinance of the city council that liquors should only be sold between the hours of 8 a. m. and 7 p. m., and will demand of the city council, probably at its meeting tonight, that they shall be allowed to carry on their business as heretofore. Last Monday night the council permitted the new forum case to sell liquors with means until midnight. Through some oversight the other restaurant keepers were not notified and much dissatisfaction has been manifested among them ever since. The saloonkeepers are also troubled and discontented among themselves, and steps will be taken at the meeting of the city council tonight to have the whole matter settled one way or another.

P. N. Harahan, the official head of the local branch of the Knights of the Royal Arch, did not open his saloon yesterday. He has been in favor of keeping the saloons in Oakland closed until the retail liquor business has been resumed in San Francisco, and normal conditions restored there.

SALOONS CROWDED.
At last week's meeting of the board of supervisors it was ordered that all the saloons and roadhouses in Alameda county situated outside the city limits of Oakland should be closed on Sundays, and it was thought that this together with the Oakland saloonmen's move to keep closed on Sunday, would insure quieter conditions in Oakland until after July 4.

Last Saturday all members of the Oakland branch of the Royal Arch received their customary printed notice to keep their saloons closed on Sunday. Many obeyed this order, but the majority of them ignored it consequently the saloons on Broadway were crowded all day most of the men coming from San Francisco. Just what action the Royal Arch will take in the matter is not known.

DISAPPEARS FROM HOME

Two Cases of People Who Are Missing Reported to Police.

James Hartle, 65 years of age disappeared from his home at 440 Seventh avenue, in the Richmond district, San Francisco, on June 20th, and since that time his friends have been unable to find any trace of the missing man. The case was reported to the Police Department this morning, with a request that a lookout be kept for Hartle in this city.

The missing man is described as having been dressed, when last seen, in a cardigan jacket, dark trousers, and wearing a dark soft hat. He was smooth shaven and very stout shouldered.

The parents of Cyril Snively, seven years of age who reside at 790 Fourth street, have appealed to the police for assistance in finding the lad, who disappeared from his home yesterday. When Cyril left home he was dressed in a blue waist and knee pants, and wore a cap.

WOMAN HAS A FIERCE BATTLE WITH A DEER

PAUL SMITH'S, N. Y., June 25.—Miss Cella Zehden had an exciting battle with a maddened doe in the park of Thomas Blagden, near this place, yesterday. By her heroism she saved Miss Lydia Davidson, daughter of George Law Davidson of New York, from serious injury. The girls were walking through the park to fill some water bottles, when the doe bounded out upon them. She made for Miss Davidson, attacking the young woman with her sharp horns. Miss Zehden rushed to her friend's rescue, striking the doe on the head with a water bottle. It turned to her and Miss Davidson ran screaming from the park, calling for help. The doe pushed Miss Zehden back into the underbrush, tearing her clothing to ribbons and almost felled her several times. Miss Zehden rained many blows on its head with the water bottle. At this juncture some men arrived and drove off the enraged animal. Miss Zehden fainted from the desperate encounter and is prostrated. Her hands were badly torn and her body was covered with bruises. Miss Davidson is none the worse for the encounter.

FARD LURES TO TROUBLE

Seven Arrested While Trying to Pick the Winning Card.

Deeply interested in wooing the seductive goddess of luck, seven men who were "bucking the tiger," at a faro table in the rear room of Peter Lippitt's "store," at Twenty-fourth and Myrtle streets, failed to note the approach of the police, early Sunday morning, and were captured before they had an opportunity to escape, or conceal the faro layout. Lippitt's place has been under suspicion for several weeks, and a few days ago the officers began to collect evidence.

Early Sunday morning, Captain of Police Frank Lynch, with Sergeant Henderson, and Patrolmen Pardee and Gargandine, raided the place, and arrested Peter Lippitt, the game keeper, Joseph Walter, Louis Schottel, John Swan, Julius Hoffman, John M. Karg, and William Armswold. The faro layout, and a considerable sum of money, which was on the table when the raid was made, were confiscated, and are now held as evidence by the police. The prisoners were booked at the police station on charges of gambling. Lippitt, the banker of the game, was released on \$25 bail and the six players put up \$10 each to insure their appearance in the police court.

When their cases were called this morning in Department 1 of the police court, none of the accused men appeared when their names were called, and Police Judge Smith declared their bail forfeited.

LIFE'S CURTAIN FOR ACTRESS

Margaret Marshall Passes Away at Her Son's Home in Los Angeles.

LOS ANGELES, June 25.—Margaret Marshall, for twenty years a well known actress on this coast, is dead at the home of her son Harry Marshall.

Mrs. Marshall in 1878 played in the old Baldwin theater stock company in San Francisco. In the company at that time were Lewis Morrison, James O'Neill, Rose Wood and Rose Byrnes. Later Mrs. Marshall played heavy and character parts at the Alcazar, Central and Tivoli theaters. She played the character of the mother in "The Celebrated Case" when Maud Adams, then a child played the daughter. Miss Adams' mother was also in the cast.

TO COMPROMISE DISPUTED CLAIM

Petition has been made to the courts by W. S. Leake, as administrator of the estate of the late Josephine Dunsmuir, to be allowed to compromise a claim against the estate held by Rika Oesterman, a New York book agent, for \$2480 on account of books and pictures sold the deceased. He states that he can compromise the claim for \$1600, with the proviso that he returns the books and pictures so that they can be sold and all above the remained of Mrs. Oesterman's claim to be returned to the estate. This is one of a number of such claims that have been settled in this matter. The matter will come up for hearing next Friday.

A new course will be required for the Vanderbilt international automobile cup race this year, as a trolley company has begun laying tracks that will spoil the old course on Long Island.

TOLD HOW HE WON A WIFE

Makes a Confession to the Wronged Brooklyn Husband

NEW YORK, June 25.—Nor is love silent, though it says no word. By day or night, in any clime or season, A dominating passion must be heard. So shall your heart through June and through December Hear my voice crying "She remembers!"

That is from "Forbidden Speech," one of Ella Wheeler Wilcox's poems of passion. It appears in and gives the motif, as the Wagnerians say, for the divorce suit brought by George Lovett, a prosperous and most business-like appearing real estate broker in Brooklyn, which is being tried before Justice Maddox in the supreme court of Kings county.

These verses and a deposition taken in Florida raise two questions, in the Code of What One May Do, that a Jury of Brooklynites, carefully selected, will bear upon its twelve minds for some days to come.

The verses are alleged to have been written by Mrs. Lovett, whose name is Grace, to Harry Alfred Grant, one of the co-respondents. They met at Jacksonville, Fla. It is alleged that Mrs. Lovett, after leaving Florida, desired to keep up an epistolary correspondence with Grant, and that she entrusted letters to Mrs. Inez Courtenay, of No. 1146 Bergen street, Brooklyn, through whom letters from Grant to Mrs. Lovett were to be delivered.

Mrs. Courtenay, it is said, held up one letter of her friend, Mrs. Lovett, for about two years, and then took it to Mr. Lovett, with the explanation that it was her duty and that the letter concerned him. This letter contained the Ella Wheeler Wilcox lines, enclosed with a note, which Mr. Lovett's lawyers, Stephen Baldwin and Henry A. Powell, will try to prove to be in Mrs. Lovett's hand.

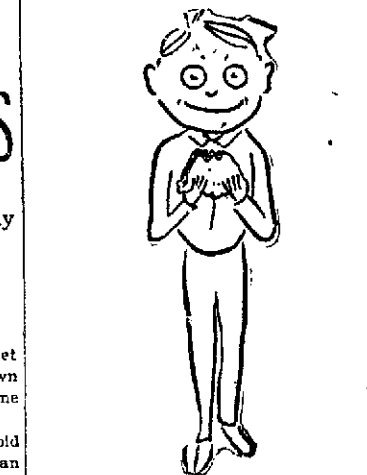

NOTE THAT MADE TROUBLE.

The note reads: "Address Mrs. Annie Courtenay, No. 1146 Bergen street, Brooklyn, N. Y. 'Enclosed find lines I promised to send you. This is a case of better late than never (?) even if it be a case of off with the old and on with the new with you. Please inclose this in your answer. CLARA JANE'"

Mr. Lovett after reading the note and the verse, appears to have gone and hunted up Grant and made him admit the worst. Mr. Grant, who is and was a married man in April, 1903, the date of the alleged grounds for divorce, appears not to have hesitated to make a confession which, read in court, sounded like boasting. He signed an affidavit which is the backbone of Mr. Lovett's case.

"There wasn't an question of shoot-in' up," said Mr. Grant, under oath, at Jacksonville. "I didn't expect to shoot him (Mr. Lovett). I had only a pocket knife, and I knew he wouldn't shoot me for he hadn't already shot when he began to talk."

It appears from Mr. Grant's deposition, that he was a traveling agent, temporarily living in Jacksonville.

The Office Boy and the New Deal

Well, our bandstand came down yesterday to the last timber and our new awning went up and we will get all the rubbish moved away and the plank sidewalk will be yanked up and so other one fixed, and then we will be almost like we used to be before the convulsions; but land sakes, you don't care anything about our trouble, because you very likely have troubles of your own. Our chief trouble is found in getting enough goods to go round. Received a big lot by express Friday and Saturday. So they will help out a little. Just as soon as we ever get our new fixings ready we will commence showing up some new goods we are going to change the almanac day have fall start in about sixty days ahead of time at

HOW 36 GIRLS WERE MARRIED IN ONE DAY

ALLEGHENY, Pa., June 25.—Various explanations are being offered of the phenomenon about to be described here:

Peek-a-boo shirt-waists are very fashionable and most of them are as open-faced as the town clock.

The moonlight nights have been beautifully clear and sufficiently warm.

June, the month of weddings, is more than half gone.

Rents are down for the summer.

The firm name of the big dry goods store than figures in is Boggs & Buhl. This explanation, rather Delphic, is given by three old bachelors.

The phenomenon:

One by one four young saleswomen of Boggs & Buhl went to the firm's timekeeper one morning and said, blushing: "This is my last day here."

"I'm sorry—that is to say, I'm glad—I'm going to be married."

By noon a dozen more charming saleswomen in turn had told the timekeeper exactly the same thing, and before the store closed at 5 o'clock thirty-six girls had resigned because they are going to be married.

It was not concerted action; for it was not a covert strike.

For each lovely fiancée had kept her engagement secret lest the other girls would tease her.

So Boggs & Buhl are studying the various explanations to find the right one and so to prevent a recurrence of the phenomenon.

HIS WIFE'S DEVOTION SAVED HIM

W. C. Albers Had a Stron- gious Time of It In Nicaragua

NEW YORK, June 25.—According to reliable reports received from Nicaragua, a big fight is on there between a mining company whose interests are close to the Honduras border and the Standard Oil Company. In the capitalistic warfare the Rockefeller concern is represented by the Tidelater Oil Company of Honduras and the United States and Nicaragua Company of Nicaragua. The arrest and imprisonment of William C. Albers, a native of Iowa, and president of the Limon Company, which is fighting the oil trust, was one of the incidents in the struggle. His wife's devotion doubtless saved him from a term in prison.

But Albers has had no end of trouble also with the Nicaraguan government. Before organizing the Limon Company he was interested in the growing and exporting of tobacco. While he was in this country enlisting capital for the Limon Company the government swooped down and confiscated a big crop of tobacco he had in storage. A monopoly had been granted to a tobacco syndicate, and this company grabbed everything in sight in the way of stored crops. President Zelaya and some members of his cabinet are said to be in the monopoly.

ALBERS' ARREST.

At the time of Albers' arrest there was a great clamor, but the influence of those who were fighting him and his enterprises was sufficient to keep him in a cell for several weeks, and finally he was banished from the country. Mrs. Albers was in Nicaragua at the time of her husband's arrest. Albers' brother also was taken into custody and they were transported a distance of sixty miles to a wretched little jail at Ocatul. Mrs. Albers followed her husband through the tropical wilderness and tried to procure his release or hasten his trial. The charge against the prisoner was contempt of a town mayor and slander of the government.

When Mrs. Albers wanted to give her husband some clothing while he was in jail a Nicaraguan officer deliberately rode her down with his horse. She was trampled on and so injured that she was confined to her room for several days. As the officers knocked Mrs. Albers down he called to her husband to look out and see what he was doing.

"See, I am the man who can drive you foreigners out of this country," said the officer.

The trial of Albers was branded at the time as a travesty on justice. It dragged along for weeks, and all of the witnesses for the prosecution were permitted to give whatever testimony they chose, while the defense was almost excluded from presenting any of its evidence. Mrs. Albers was one of her husband's stoutest defenders. Several times she rode sixty-five miles over the Honduras border so as to communicate with his friends and keep them posted as to the progress of the trial.

WAS INSULTED.

Mrs. Albers was taunted and insulted every time she appeared on the streets of the town where the trial was held. An officer of the government finally ordered her to leave the country, and the family with whom she was lodging was threatened with dire punishment if they did not compel her to leave the house. Failing to force Mrs. Albers to leave the country, efforts were made to trump up charges for her arrest, but this had to be abandoned also.

Even when Albers was ill in prison his wife was hardly permitted to do anything for him. She was repeatedly ordered away from the jail. When the trial was over Albers was sentenced to three and a half years in prison on little or no evidence. An appeal was taken and the charge of slander was dismissed. Then the Nicaraguan Congress was forced to pardon Albers, but he was compelled to leave the country.

The plea of the beef trust that its interests be protected for the sake of the farmer and stockman, is an ingenious stroke of satiric humor. The farmers and stockmen need protection from the trust as much as the consumers.—St. Louis Post-Dispatch

HOTEL CLERK HAD CAMERA

Prince of Siam's Stolen Property Recovered by the Police.

One of the cameras stolen from Lauek Seng, the Siam prince, who last Saturday left this city after a visit of several days, has been located by the police in possession of Paul E. Kritch, a clerk at the Hotel Metropole, where the prince resided during his stay in this city, and the latter is now under arrest on a charge of having purloined the machine.

When Prince Seng left the hotel last Saturday, Kritch was ordered by the manager of the hotel to accompany the distinguished visitor to the Pacific Mail dock in San Francisco, and to aid him in loading his luggage. It was at the dock that the second camera, which was purchased by the prince in this city, after a similar instrument had been stolen from him, was found to be missing, and Prince Seng at once reported the theft to the San Francisco police. The latter at once suspected Kritch, and notified the Oakland police of their suspicions, with the result that the room occupied by the clerk, on Fifty-fifth street, was searched last Saturday by Detectives Holland and Quigley, and the camera was found hidden in the apartment.

Kritch was at once placed under arrest, and confessed that he had stolen the camera at the mail dock. He denied, however, that he knew anything about the stealing of the first camera lost by the prince in this city.

ENGLISH IS NOT SPOKEN

Could Not Get an American Jury in Ten Arizona Counties.

WASHINGTON, June 25.—The senate today passed a bill regulating jury service in New Mexico after Senator Spooner, on behalf of the Judiciary committee, had withdrawn the amendment suggested by the committee which made it necessary that all jurymen in that territory should speak the English language.

Senator Spooner is the author of the amendment and he prevailed upon the committee to accept it. He stated today that the attorney-general had told him that in ten out of twelve counties it would be utterly impossible to secure a jury if the amendment should become a law. In those ten counties it is, he said, absolutely necessary for the court to employ interpreters in all matters going before the jury. He therefore withdrew the amendment and asked that the bill be passed.

There was no objection and the bill went through minus the amendment.

If either major league could have the pennant race that the little Western Association is running they could clean up about all the money in eight cities.

At the meeting of the board of supervisors this morning all the members save Supervisor Rowe were in attendance. The requisition of District Attorney Allen for office supplies was granted.

REPORT OF COMPANY.
The report of the Ransome Construction Company of work done on the Oakland scenic boulevard since the filing of the estimate of May 21 was as follows: Bridge construction, 125 cubic yards at \$8, amounting to \$1000; extra foundation, concrete, four cubic yards at \$7, amounting to \$28.

Pipe—156 feet of 24-inch pipe at \$17.50, amounting to \$2724; 344 feet of 12-inch pipe at 59 cents, \$202.96; 14 feet of 8-inch pipe at 40 cents, \$5.60.

Macadam—Paving 72,468 square feet at 6 cents, \$4348.08; gutter, 2582 yards at 8 cents, \$206.56.

Excavating—11,353 cubic yards at 36 cents, \$4086.88; curb, 7899 linear feet at 10 cents, \$789.90.

All these make a total of \$11,392.52. Of this amount 26 per cent is retained pending the completion of the contract, amounting to \$2962.45. The amount due, accordingly, for this, the eleventh monthly payment, is \$8429.07. The cost of the work thus far performed under the contract is \$112,951.37. The total amount paid thus far under the contract is \$34,713.53. The report was filed by County Surveyor E. C. Prather.

DEED TO STREET.

Broad & Bancroft, in the name of Emily K. Latham and the Oakland Traction Consolidated, presented a deed to Alameda county to a part of Latham terrace, necessary for the extension northwesterly of Twenty-sixth avenue from East Twenty-fourth street to and connecting with Shuey avenue on the north. The communication set forth that the land deeded has already been used by the public and by street cars as a street for years past. The deed was accepted and the clerk was instructed to notify the people interested of the fact.

FIGHTING FIRES.
A communication, containing a resolution from the Stockton Fire Protection Association at Livermore, was received. It recalled the subject discussed some weeks ago by representatives of the association in question and the supervisors regarding the taking of steps to prevent range fires on the hills in that section of the county. The resolution proposed to authorize County Fire Ward, on Schween to appoint a deputy who shall have authority to select twenty-five experienced fire fighters, preferably among the residents of the hill section or of the contiguous valleys; the deputy's pay shall be \$5 a day during a prolonged fire; he shall be authorized to order a reasonable amount of food and forage under the same circumstances; the compensation of assistants shall be 50 cents per hour while they are engaged in fire fighting; no compensation shall be allowed volunteers; anyone engaged in fire fighting other than those included in the list of the assistants furnished to the county fire warden and the latter official shall audit and approve all claims before the same are presented to the supervisors.

The matter was referred to the district attorney.

ALLEGED INJURIES.
Joseph E. Beardon notified the board that Mrs. Harriet E. Thomas of 2320 Santa Clara avenue, Alameda, had been injured by being caught between the gates of the Webster street bridge May 23 last. He also set forth that he was preventing a claim for damages on the part of the woman in question for the injuries sustained by her. The communication was filed.

RECLAMATION.
The Dumbarton Land and Improvement Company on March 23 of this year asked the supervisors to call an election for the purpose of selecting the members of the board of trustees of the reclamation club of that section. The communication set forth that the last election of the trustees in question had been held in 1894, when Philip Reinbacher, John L. Heard and H. A. Jones were elected. Since then, the communication went on to show, all these trustees had died and that no election to fill the vacancies caused by their decease had been held. The communication was referred to the district attorney and this morning that officer gave an opinion that an election should be called under section 2191 of the political code. He said he thought that the long period of holidays had operated to prevent the supervisors from acting in the premises. He suggested that the supervisors request the Dumbarton Land

BATTERY IS THE CHARGE

James Tampakes in Trouble Again, a Cook being the Complainant.

James Tampakes, proprietor of a restaurant at 813 Broadway, who has on several occasions been in difficulty with the police, this time is up on a charge of battery preferred by Gust Gregerou, a cook, who has been in the employ of Tampakes for some time. Gregerou alleges in the complaint made to Prosecuting Attorney Abe Leach this morning that on Saturday night when he demanded his wages, amounting to \$38, from his employer, the latter savagely attacked him.

When Gregerou appeared at the office of the prosecuting attorney this morning his face still bore the marks of the conflict, in which he came out second best. He swore to a complaint charging Tampakes with battery and a warrant was at once issued for the arrest of the latter. When Gregerou declared his intention of having Tampakes arrested the restaurant owner retorted that he would kill the first man who entered his place, whether he was a police officer or not. When the officer arrived with the warrant for his arrest, however, he apparently thought better of his determination and submitted to arrest without trouble.

SENTENCED TO SERVE TWENTY-FIVE YEARS

MARYSVILLE, June 25.—John Holland, who murdered Josie St. Clair in April, 1905, was sentenced by Judge McDaniel today to 25 years in Prison.

SQUANDERED THEIR FUNDS

Negroes Employed on Panama Canal, However, Say They Were Not Paid.

NEW YORK, June 25.—Passengers arriving here today from Nassau on board the steamer Niagara brought information to the effect that the governor of the Bahamas had left Nassau to investigate reported complaints of negro laborers who have been employed on the Panama canal. The laborers upon returning home said that they had not been paid for their work on the Isthmus. The passengers said it is generally believed at Nassau that the negroes were paid, but that they squandered their earnings at the Isthmus and on returning home hatched up the complaints in question to account for their lack of funds.

NOTED SCIENTIST SUMMERS AT SAN DIEGO

SAN DIEGO, June 25.—Professor Jennings of the Johns Hopkins University, a noted scientist, has joined the staff at the San Diego biological station for special work during the summer.

And Improvement Company to renew their application and fix a time for hearing evidence to determine whether or not the applicant is an owner of land in the district and then proceed to call an election under the section referred to above. A resolution by Supervisor Talcott was adopted. It instructs the county surveyor to prepare plans and specifications for the construction of a concrete bridge to take the place of an old wooden structure over a creek on the San Leandro road near Fitchburg.

A resolution was adopted increasing the salary of Warden Page of the insane annex of the receiving hospital from \$75 to \$100 a month. The application of R. Burcher of Ocean View for a liquor license was granted.

NEW BRIDGE.

Bids were opened for the construction of a concrete bridge across Cottonwood creek in Livermore road district, as follows: Knox & Torrey \$2520; Cotton Brothers & Co. \$2575; Healy & Tibbitts Construction Co. \$3000; H. P. Fugel \$2300; Burrill Construction Co. \$2955; F. H. Danke \$3095. The contract was awarded to Hays P. Fugel.

The application of the Western Pacific Railroad Company for a franchise in Fruitvale was continued for three weeks. C. D. Vincent presented a bond in the sum of \$5000 with the United States Fidelity and Guaranty Co. as surety for the performance of the contract for the construction of a watering plant for watering the county road from its intersection with the Fruitvale road to the Foothill road in Castro Valley. The bond was approved. The cost of the plant will be \$4250.

COLLINS WANTS A WARRANT

Seeks Arrest of His Clerk, Accused of Pawning Jewelry.

SAN FRANCISCO, June 25.—George D. Collins, the convicted attorney, appeared before Police Judge Mogan this morning and swore out a warrant for the arrest of W. F. Koehler, a clerk in his office, who is accused of having embezzled \$250 worth of jewelry from Clarice McCurdy Collins, under the pretense of selling the jewelry to raise funds to assist Collins in his appeal. Before the judge Collins swore out a warrant but as the document was burned in the fire Collins insisted on a new warrant being sworn out. He is very bitter toward his former clerk. According to Clarice McCurdy, she accompanied the clerk to a restaurant, gave him some jewelry to pawn, and waited for his return. He failed to return but did pawn the jewelry. The young boy is said to be located in Denver and Collins has requested Chief of Police Dinan to send an officer after him.

GOVERNMENT ASKS DAMAGES

Accuses Manoa and Orinoco Companies of Failing to Fulfill Contracts.

NEW YORK, June 25.—A special cable from Willemstad, D. W. I., to the New York Herald says: Advice received here from Caracas announces that the attorney general of Venezuela has begun proceedings in the high federal court against the Manoa and Orinoco companies, limited, calling for annulment of the Fitzgerald concession. The government also demands damages on account of the alleged failure to fulfill the terms of the contract by which the concession was granted.

SKIPPER GOES TO HIS REST

Captain Aubrey Crocker, Who Sailed the Puritan, Succumbs to Illness.

NEW YORK, June 25.—A dispatch to the Herald from Cohasset, Mass., says that Captain Aubrey Crocker, 60 years old, one of the best known yachting skippers in America, died there yesterday of Bright's disease.

In 1884 he was chosen to sail the Puritan and remained on this boat for some years afterward. He sailed on the Volunteer and Mayflower in the cup races in an advisory capacity. He has figured in almost every important race since the Puritan came out and was in the latter one season after she won the cup.

STRUGGLING FOR HONORS

Miss Sutton and Other Americans at Tennis in England.

WIMBLEDON, Eng., June 25.—The lawn tennis championship games opened here today and will last the best part of a fortnight. No less than sixty-eight players are entered for the men's championship. America is represented in this contest by Raymond D. Little and Kreigh Collins. The former was early in the field and was successful in the round, beating A. W. Sawyer in three straight sets. The scores were 6-1, 6-2, 6-1. Collins later won an equally easy victory over E. R. Patterson by three sets to none. Scores: 6-1, 6-1, 6-2. Beals C. Wright was among the spectators. His injured hand is improving. Miss Sutton of Pasadena, Cal., will defend the title of lady champion and meanwhile will participate in the mixed doubles.

RECOVERY OF MAN WHO WAS DEMENTED

R. S. Hubbel of Detroit, who was taken with a sudden fit of dementia at the Hotel Touraine Friday night, is to be allowed to resume his journey home to Detroit this evening. With quiet and rest he has regained his equilibrium, and it is believed that if he can reach his home he will recover from the attack. He has been traveling extensively and has become weakened by reason of illness, which it is believed is primarily the cause of his trouble.

CERTIFICATE OF AUDIT. We have audited the accounts of the finance committee of the relief and Red Cross funds to close of business on June 23, 1906, and certify that the foregoing statements have been correctly prepared therefrom. We have verified the cash accounts by actual inspection or certificates from the depositories. We find that all receipts of funds have been deposited in approved depositories, and that all disbursements are supported by proper vouchers completely approved and made with the additional authority of the finance committee. We have satisfied ourselves of the accuracy and integrity of the accounts in all respects.

For the Finance Committee: J. DOWNEY HARVEY, Secretary. JAMES D. PHELAN, Chairman.

CONSPIRACY IS CHARGED AMATEUR RANK STRENGTHENED

Americans in London Courts on Charge of Selling Bogus Stock. LONDON, June 25.—At the opening of the prosecution today in behalf of the treasury at Guild hall the police court case of Mark Antony Young and Henry Jonas, local managers of the American Mining, Milling and Smelting Syndicate, who were arrested June 18 on the charge of conspiracy to defraud the public by selling worthless shares, R. D. Muir, counsel for the treasury, said the evidence in the hands of the police indicated that serious frauds had been committed. Since January 19 the country had been flooded with flowery advertisements of the American Mining, Milling and Smelting Company, purporting to own mines in Alaska, California, Utah, Colorado and Mexico, which were paying 155 per cent interest. Documents sent broadcast announced that the net profits of the company for nine years were upward of \$27,500,000 and dividends totalling \$12,500,000 had been paid. Mr. Muir said he proposed to show that no such company existed. Mr. Muir said the correspondence seized showed the defendants had on foot a scheme by which certain financiers in France were to put \$2,500,000 into the concern and a similar plan was in progress from which a sum not so large was to be obtained in England. After the presentation of evidence regarding the printing of circulars the hearing was adjourned. Mark Antony Young was admitted to bail in \$25,000 and Jonas in the sum of \$5000.

CHICAGO, June 25.—With a few additions the field for the National Golf championship, which will start on Thursday at the Onwentsla club, will be about the same as that in the Western open event at Homewood last week. The presence of Amateur Champion H. C. Egan and George Ormiston, the Pittsburg player, will add strength to the amateur representation. Of the professionals who did not perform at Homewood last week, the most noted who will play at Onwentsla are Alex Ross of Breckburn, Donald Ross of Oakley, Peter Robertson of Oakmont, David Robertson of Pittsburg, Percy Barrett of Toronto, George Cummings of Toronto, Donald Ball of Philadelphia, and I. S. Maclede of Foxhills. All of these men have finished far enough up in previous tournaments to be counted as possibilities.

PLEADS GUILTY AND IS SENT TO PRISON. KANSAS CITY, June 25.—John Peely and John House pleaded guilty in the criminal court here today to voting illegally at the recent city election and were sentenced to two years in the penitentiary. Peely has served a sentence in the New Jersey penitentiary.

FELL TWENTY-FIVE FEET AND BROKE BOTH JAWS

Lair Hill, an Electrician, May Die as Result of Accident While at His Work.

BERKELEY, June 25.—The sudden breaking of a telegraph pole on which he was working, threw Lair Hill to the ground with such force that the young man had both jaws broken and possibly sustained a fracture of the skull. He is now at the Roosevelt hospital with but slight chance for recovery. Hill was employed by the town of Berkeley to install the new fire alarm system. He was not a regular employee, but was merely taking the place of his chum, Worth Ryder, who is in charge of the electrical work in the placing of the five alarm wires. Worth had taken a week's vacation and during his absence secured permission to have Hill, who was an expert electrician, take his place. Hill, who lives at the present time in Mountain View, was sent for and had been at work for about a week when the accident occurred. He was sent to find a wire which was believed to have been grounded near the Beacon fire house on Sixth street between Bristol and University avenue. He found the place and mounted a telegraph pole in front of the fire house to cut loose the dead wires connecting the fire house to the pole. He had just finished this work when the pole, which had evidently been supported by the wires, fell to the ground.

The young man was thrown to the earth, a distance of twenty-five feet. He was entangled in a mass of wire and would have met a horrible death by electrocution had it not been for the presence of mind of the spectators who rushed to his side and freed him from the live wires with which he was surrounded. He was conscious and able to walk immediately after being released from his perilous position. He soon collapsed, however, and was taken to the Roosevelt hospital, where an examination was made by Dr. Shingle. The physician found that the bones of both the jaws were broken and shattered. As the blood was coozing out of both ears, Dr. Shingle believes that there is also a fracture of the skull at the base of the brain. If this is the case the chances of recovery, said the physician, are very slight.

Lair Hill is the son of Judge Hill, who is a partner of E. G. Ryker, an attorney in the Bacon building in Oakland. Hill also has a brother, Reuben D. Hill, who is a physician in San Francisco. Hill but recently moved to Mountain View to reside. He formerly lived in Berkeley, where he attended the local High school. Although he did not graduate from the preparatory school, he intended entering the University of California this fall.

COMPLAINT AGAINST A GERMAN COOK

Charged with having attempted to mislead a ten year old girl, to whom he had offered money, after having followed her for some distance, Richard Uthardt, a German cook, 51 years of age, was arrested on June 22, and has since been held by the police for investigation, his name having been entered on the "small book." Uthardt was captured by Police Officer John Fahy, to whom the girl had made complaint concerning the actions. Uthardt when he saw the child talking to the patrolman promptly took to his heels. Fahy, intent on capturing the fellow, at once gave chase, and overtook the fleeing man at Tenth and Pine streets, after he had ordered Uthardt to halt on penalty of being shot. The officer returned with his prisoner to Seventh and Wood streets, where he had met the girl who made the complaint to him, only to find that the latter had disappeared and Fahy has not yet succeeded in locating her, as he had not had time to secure her name and address when Uthardt started to run. The man is being held in the hope that she will be located.

FATHER PIUS WILL RESUME HIS DUTIES

Father Pius, of the monastery at Fruitvale, who has been ill at Providence hospital since June 8, is growing better, and will resume work in a week or so. Fifty children received communion at the monastery school yesterday.

BURGLARS ENTER TWO RESIDENCES

D. G. Holstrom reported to the police this morning that on the night of June 23, his home at 495 Sherman street had been entered by burglars, who secured \$3.50.

Mrs. Elizabeth McCall of 1227 Eighth street reported that her room had been entered and thoroughly searched by thieves last night, and that they had stolen \$127, which she had concealed in one of the drawers of her bureau.

For Over Fifty Years Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. 25 cents.

NAVAL BOARD TO VISIT HERE

Will Test Vessels—Senate Re-adjusts Salaries of California Postmasters.

WASHINGTON, June 25.—The naval board of inspection and survey has completed its arrangements and received authority for a trip to the Pacific coast, the first to be taken by that official body. The board will leave Washington about July 16 for Seattle instead of San Francisco and will conduct the trial trip of the Nebraska. Later the board will proceed to San Francisco and try the Milwaukee. The trial runs will be made off Santa Barbara, where there will be a measured mile and where the facilities are considered suitable for the standardization of the clock.

After the trial of the Milwaukee the naval board will return to the Atlantic coast, leaving such instructions as will enable the Pacific coast board, made up of officers on duty at Mare Island and Puget sound, to conduct trial trips of vessels hereafter.

The navy department announces that it has established and placed in operation a wireless telegraph station at Point Loma, Cal. Other stations will be opened later just as soon as the department is able to expend the appropriation of \$65,000 which will shortly be available for the establishment of wireless stations on the Pacific coast.

The first contract to be let will be that of the station at Cape Flattery. Reports from the Pacific coast indicate that the naval wireless stations escaped injury during the earthquake, and had a system of communication been effected there would have been no such delay as occurred in the transmission of messages in and out of the city.

As it was much valuable service was rendered in the early days of the panic and disaster. By the location of the Chicago at Ft. Mason messages were received on board the ship and were communicated to the wireless station at Yerba Buena and thence sent to the outside world through the wireless outfit which had been erected by a youth in Oakland. The latter comes in for a generous share of official praise for the gratuitous service he appears to have rendered at critical times during the trouble in San Francisco.

REARRANGEMENT OF ENGINEERING FORCE

TOPEKA, Kan., June 25.—Announcement will shortly be made of a rearranging of the engineering force of the Atchison, Topeka & Santa Fe railway, which involves the retirement from active work of James Dunn, engineer-in-chief of the system, and the elevation of W. B. Sterey Jr., now chief engineer of the system proper, to the position now held by Mr. Dunn. Mr. Dunn will be made consulting engineer. Mr. Dunn is getting well along in years and his retirement is of his own volition.

TO REPLACE LIBRARIES

Washington scientific societies at the request of Senator Perkins are cordially co-operating in the work of replacing the libraries of the Academy of Sciences and Sierra club. The government and foreign publications are being gathered and will be forwarded in large quantities to San Francisco.

The senate has passed a bill reported by Senator Perkins providing for the unloading of bonded merchandise at night from vessels or cars, the inspectors to be paid reasonable compensation, which shall be borne by the owners of the goods.

POLICYHOLDERS WILL FORM LOCAL COMBINE

Big Meeting Is Called for Calvary Church at Three o'Clock This Afternoon

SAN FRANCISCO, June 25.—At Calvary Church all the important commercial organizations in the city will meet this afternoon at 3 o'clock for the formation of a policyholders' protective league, which will deal with the insurance problem collectively. All the larger policyholders are behind the movement, and the small holders will not be neglected.

Publicity is to be the weapon with which the league will fight the defaulting companies in the first stage of the battle which is now to be inaugurated.

A fund of \$100,000, and possibly more, is to be raised, in part by an assessment of the members of not to exceed 1 per cent of the face of their policies. This fund will be expended in publishing in the leading papers of this country, and also in Europe, the truth about the means to which some of the companies have resorted in seeking to evade the payment in full of the policies which they had written.

A committee of the Chamber of Commerce has been at work for some time collecting the facts, with the names of the companies who have acted in a way to defraud the policyholders, both the small ones and the large ones. This committee has been assisted by Professor Whitney of the state university, who is a skilled statistician. They have the facts. The plan is to let the world know the facts. The organizations who have united for this concerted action are: the Merchants' Association, the Chamber of Commerce, the San Francisco Board of Trade, the Manufacturers and Producers' Association, and the Merchants' Exchange. Whatever action is carried out will be under the auspices of these associations.

It is expected that there will be a large attendance of the business men of the community, as they realize that the immediate future of the city depends upon the prompt settlement of the insurance question, and no more potent influence can be exerted to let the whole world know just what each company is doing.

Among those who have been the originators of the movement are Frank J. Sullivan, A. A. Watkins, Charles M. H. Cook and Colonel Harris Weinstein. All the large policyholders in the business section of the city are included in the movement, and the benefit of the organization will be extended to the smaller holders.

One part of the work of the league which will follow will be the drafting of a standard form of policy, under the best legal advice, which will be made obligatory upon the companies by legislative action.

HAS EXCUSE FOR CARRYING KNIFE

Because he had a long case knife, which had been ground to a sharp point and had an edge like a razor, up his sleeve, Elsie C. Harvey, colored, was arrested early Sunday morning, and was booked at the police station on a charge of carrying concealed weapons.

When his case was called in department No. 2 of the police court this morning, Harvey acknowledged that he was carrying the knife, but denied that it was in plain sight in his hand. Asked by the judge why he was carrying it, Harvey said it was taking the knife to the factory where he is employed, where he used it to cut his food at lunch time. His case was set for trial on June 27.

CHINESE FOUND DEAD IN BED

Lee Toy, a Chinese gardener, was found dead in bed at 3 o'clock yesterday morning in his room at 537 Third street. The deceased had been ill for the last three weeks, but had not been under the care of a physician.

The body was found by Lee Ying, a cousin of the dead man, who notified the police of Toy's death. The coroner was notified and the remains removed to the morgue, where an inquest will be had Wednesday evening.

BEAUTIFUL BLIND GIRL DELIGHTS CHURCH FOLK WITH HER SINGING

Helen Mesow Is Now Leader of Choir.

BERKELEY, June 25.—Helen Mesow, a Berkeley girl, leader of the choir in the First Christian church, yesterday made her debut in that capacity, and although totally blind, she proved herself a musical genius. An accident deprived her of sight when she was little more than five years old, but nature endowed her with the blessing of a beautiful singing voice, a high soprano of dramatic quality.

She is leading soprano in the choir of the First Christian church. Her voice has already attracted the attention of a theater manager who offered her a contract for a season on the legitimate stage, but Miss Mesow prefers to qualify for the operatic stage. She likes classical music, as she is of the esthetic temperament. She is a girl of originality and a trifle fastidious, and a bit willful; resolute of purpose and outspoken, modest and sensible. She scorns moodiness as something unworthy of her happy young womanhood.

"NOT A GENIUS." "I have only ordinary talent," said the blind girl to a TRIBUNE reporter. "I dislike anyone to call me a genius, because I am not one. I have only the average ability. My voice is not near as good as I would like it to be. I am very fond of singing. I love to improvise, and play my own accompaniments on the piano."

AT THE PIANO. Miss Mesow has proved her musical ability at the piano, which she plays with brilliancy and delicacy. She can sing like a canary bird on a summer morning. She sang in the First Christian church of Berkeley last Sunday morning and thrilled the audience with her sweet melodious penetrating voice.

"Sometimes I wish I had a contralto voice, and then, again, I am satisfied with what I have," said Miss Mesow. "In some moods I would like to have a contralto voice. I'd like to have a different voice for every mood."

"I can't apply myself to drudgery. I know some girls who revel in drudgery, but I do not like uphill work. I have not enough patience to practice my music. I do not practice more than an average of three hours a day. My singing voice comes naturally to me. I sang since childhood. I did not have any more talent, nor any more wonderful experiences than any other child."

LOVED TO READ. "When a young girl, I loved to read novels, now I'd rather study things from real life. I graduated three years ago from the California Institute for the Deaf, Dumb and Blind. There are eight fingers in our family, who are just as enthusiastic in their work as I am. I can carry a tone to any simple air I hear, upon hearing it only once or twice. I learn popular music by listening to the boys whistle as they walk along the street. I like popular music for diversion. When I want to be amused I ask someone to whistle a popular melody. When I feel sad, I play some light lyric opera; it has a soothing influence."

"Singing is by no means easy. I do not intend to teach singing, but of course, that remark is based on a contingency. We never can tell what we will do in this world."

"It is my conviction that blind girls can do almost everything either in the literary or the commercial world. Blind girls can equal any as stenographers and typists. They are quick to learn, they have, in the majority of cases, superior intelligence and high ideals. All they ask in this world of any human being is a fair chance. Give them the opportunities they long for and they will not disappoint. Place them upon an equal footing with girls who can see. Treat them not as objects of pity to be assisted at every turn; not as helpless creatures, but as normal, rational, useful women, able and willing to take the same positions in commercial or professional life that they would have aspired to had not the gift of sight been withheld from them."

"I would like to have a public career. I would like the dramatic stage better than anything else. That is my chief ambition. I would like to be an actress in untangling the plot as the play proceeds, and it annoys me exceedingly to have others try to explain anything to me concerning the production, or the characters. I expect to go on the operatic stage some day. I feel confident that this is not impossible."

MISS HELEN MESOW.

ambition. I would like to be an actress. I am not in the least stage-struck. I simply feel that I might have developed talent that way. My greatest enjoyment is in the theater. True, I cannot see the stage. To me the players are voices, rather than faces. Yet I find absolutely no diffi-

DR. WOLLE IS AT BERKELEY

Returns to Prepare for His Summer Series of Concerts.

BERKELEY, June 25.—Dr. Wolle has just returned from his southern trip fully prepared to conduct the summer series of concerts which are to be given in the Greek theater at 3:30 on the afternoon of June 23 and July 12 and 26. "Every morning the coming week the university orchestra, under his leadership, will rehearse the fine program which has been prepared for the first concert. Most of this program has already been thoroughly rehearsed by the orchestra and the rehearsals this week will put the final touch on the numbers already mastered. The program for this first summer concert will be as follows: Overture, Don Juan, Mozart; the unfinished symphony (Allegro moderato, Andante con moto), Schubert; overture, Fidelio, Beethoven; Danse Macabre, Saint-Saens; Academic Festival overture, Brahms.

Tickets for the summer concerts have been placed on sale at Kohler & Chase's 1013 Broadway, Oakland; Sherman, Clay & Co. Twelfth and Broadway, Oakland; and the Students' Co-operative Society in the north hall on the university campus; Sadler's, 2233 Shattuck avenue, Berkeley; at Kohler & Chase, Franklin and Bush streets, San Francisco, and hereafter should be obtained at these places rather than by mail from the office of the board of regents in Berkeley.

"So Crabbe plays the cornet, does he? I don't think he was particularly fond of that instrument."

"I don't think he is particularly fond of it out of merely that he's found the neighbors are particularly opposed to it."—Philadelphia Ledger.

DR. SAMSON IS GUEST OF PROFESSOR BADE

BERKELEY, June 25.—Dr. Samson, connected with one of the scientific departments at Washington, and interested chiefly in forestry, will be in Berkeley during the first week or ten days of the summer session as the guest of Professor Bade. He has already lectured before the University with success and probably could be induced to do so again.

RHEUMATISM TROUBLESOME PAINS AND ACHES

While Rheumatism is usually worse in Winter because of the cold and dampness of a changing atmosphere, it is by no means a Winter disease entirely. Persons in whose blood the uric acid, which produces the disease, has collected, feel its troublesome pains and aches all the year round. The cause of Rheumatism is a sour, acid condition of the blood, brought about by the accumulation in the system of refuse matter, which the natural avenues of bodily waste have failed to carry off. This refuse matter coming in contact with the different acids of the body, forms uric acid which is absorbed by the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. Rheumatic persons are almost constant sufferers; the nagging pains in joints and muscles, are ever present under the most favorable climatic conditions, while exposure to dampness or an attack of indigestion will often bring on the severer symptoms even in warm, pleasant weather. Liniments, plasters, lotions, etc., relieve the pain and give the sufferer temporary comfort, but are in no sense curative; because Rheumatism is not a disease that can be rubbed away or drawn out with a plaster. S. S. S. is the best treatment for Rheumatism; it goes down into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the thin, sour blood, cures Rheumatism permanently. Being made entirely of roots, herbs and barks, S. S. S. will not injure the system in the least. Back on Rheumatism and any medical advice without charge.

INSTITUTION HAS OFFICE

Royal Academy of Science Opens Temporary Quarters in Berkeley.

BERKELEY, June 25.—The Royal Academy of Science has opened its temporary office in the Barker block, Shattuck avenue and Dwight way. The academy is seeking a suitable location for the erection of buildings in which the permanent headquarters will be located.

The department of commerce and Agriculture of the Royal Academy of Science met with a heavy loss by the recent fire in San Francisco, in the destruction of many valuable models of high pressure and low-pressure motors, valveless pumps and other machinery, intended for installation on some of the elaborate irrigation systems in Egypt and India. The machinery was to have been sent from San Francisco about April 20th. The representative of the department of commerce who was waiting in readiness to proceed in charge of the machinery, has returned empty-handed to London. Considerable time will be required to replace the machinery which was lost. The work is already under way. But many valuable papers, the records representing many years of research in Asia, Africa and other parts, which were destroyed, cannot be replaced.

The department of commerce and agriculture is inaugurating valuable measures for the expansion of the United States commerce in Asia, which movement must produce a rapid increase in the Pacific Coast trade with the Orient. The plan now being carried out will divert much of the Suez canal trade to the Pacific route. It is estimated that the United States commerce with Asia will reach the vast proportion of \$500,000,000 by the end of the fiscal year 1910.

DIVER IS INJURED IN SHALLOW WATER

ALAMEDA, June 25.—While attempting a fancy dive at the Terrace Baths in the West End yesterday afternoon, Thomas Kennedy, a longshoreman, living at the foot of Alice street, in Oakland, was painfully injured. Kennedy endeavored to dive into about three feet of water. He struck his head on the bottom and the cords of his neck were strained by the fall. It was thought at first that he had been seriously injured and was taken to the local emergency hospital. Dr. M. W. Stidham was called and found that the man was suffering from a few strained cords in his neck. He was sent to his home.

INVESTIGATES MARINE LIFE

Professor Kofoid Has Interesting Paper on His Researches.

BERKELEY, June 25.—The department of zoology has just published in its series issued by the University Press, a paper by Professor C. A. Kofoid, entitled "On Heterodinium, a New Genus of the Peridiniidae." This is the first of several papers which Professor Kofoid is preparing on the dinoflagellata of the San Diego region, which will contain the results of investigations of marine life made at the laboratory of the Marine Biological Association of San Diego, under the direction of the department of zoology of the University of California.

In this first paper on the dinoflagellata, Professor Kofoid has founded a new genus of the peridiniidae to accommodate a number of species, some entirely new, and others previously assigned to other genera. Certain very minute structures formerly overlooked have been found to be constant in this new genus and closely resemble species in other genera, a fact which has concealed their real affinities until this time.

This paper presents but a small portion of the work which Professor Kofoid is now prosecuting in connection with these interesting microscopic marine animalcules.

HAS FULL CHARGE OF THE CONSULATE

ALAMEDA, June 25.—Carleton Baker, the young Alameda boy and graduate of the University of California, who was chosen vice-consul at Fu Chau, China, writes that he is now acting consul and in full charge of the consulate. When Mr. Baker arrived at the station, he found that the consul was in ill health and that a member of another consulate was in charge. The Alameda man at once learned the details of the office and was installed as acting consul.

SEMI-WEEKLY PAPER TO BE ISSUED AT BERKELEY

JOHN VAN BECKER.

To Contain News of Interest for Everybody.

BERKELEY, June 25.—One of the features of the summer session of the university will be the publication of the summer session "News," a semi-weekly paper devoted to the doings of the students and faculty of the summer session.

John D. Van Becker, a senior at the University of California, well known in university and professional journalism, will edit the paper, while Carl Rathbone, a prominent sophomore at the university, will look after the business end.

The paper will be issued on Tuesdays and Thursdays of each week during the summer session, the initial issue to appear tomorrow. From the past records of the two young men interested in the college journal the "News" promises to be a great success. One of the new features inaugurated by the collegians is a delivery system so

WILL STUDY VINE DISEASE

Expert Appointed for Thorough Research Work in Viticulture.

BERKELEY, June 25.—As a special scholar in research work in viticulture at the University of California, Alfred Fournier, one of the leading experts in the viticultural line in the country, has been appointed to study the various forms of grape blight and vine disease with a view of saving the crops that are lost to the amount of thousands of dollars every year. He will carry on a number of experiments in blights and diseases of vines and grapes and offer, if possible, remedies to the farmers of California. In solving this question Mr. Fournier will take into consideration the fact that different sections of the country demand different treatments in so far as the blights are concerned. He will not be hampered in his work by any college courses, but will devote his entire time in mastering this difficult problem that is foremost in the thoughts of the growers. Fournier will reach out into untried branches of the question, thus making his work entirely original.

Final Arrangements for Publication of Bulletin Regarding Their Control.

BERKELEY, June 25.—To make final arrangements for the publication of a bulletin regarding "Mosquito Control," Professor A. C. Woodworth, head of the department of entomology at the University of California, left yesterday morning for Sacramento.

The bulletin will contain the latest ideas in the way of controlling the pests which have caused endless annoyance to the people all over the state. The most successful methods of fighting the insects are taken up and explained in detail with particular application to the various parts of the state and the different conditions which must be met in various places.

A number of new ideas and new methods which are expected to be of much benefit are exploited by this new bulletin.

SEMINARY WILL GO TO BERKELEY

Lutherans Will Probably Locate in the College Town.

OREGON CITY, (Or.), June 25.—The Pacific Synod of the Evangelical Lutheran church, which concluded its session here yesterday, decided to unite with the California Synod in establishing a seminary, which will probably be located at Berkeley, Cal. The location and other details are, however, left to committee representing the Pacific and California synods. The committee of the Pacific Synod named consists of the Rev. J. A. Leese of Portland; the Rev. E. Meyer, San Jose; the Rev. C. F. Boehner, Santa Washington; the Rev. W. H. Young, Seattle; John Walling, Seattle; H. H. Pattison, Tacoma, and Mr. Hansen, Portland. The Pacific Synod decided to meet at Bellingham, Washington, next year.

ATTENDANCE AT FUNERAL LARGE

ALAMEDA, June 25.—Many sorrowing friends attended the funeral yesterday afternoon of little Peter Eustachy, the three-year-old son of Mrs. Mary Eustachy, who was burned to death Friday night. The funeral was held from the home of Mrs. E. Marchillan, 2208 Eminal avenue, thence to St. Joseph's Church, where a requiem mass was celebrated. Many beautiful floral pieces were sent and the concourse which followed the body of the little fellow to the grave was a large one. Interment was in St. Mary's cemetery.

There are few people who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Simpkins, Alta, Texas, writes: "I have used Herbine for chills and fever and it is the best medicine I ever used. I would not be without it. It is as good for children as it is for grownup people, and I recommend it to all who are in a hurry." Sold by Whisart's drug store, Tenth and Washington streets.

Apology for Crooked Underwriting.

Says the Tacoma News: "If other insurance companies follow the lead of the Germania and refuse to do business in San Francisco, that city's chance of rebuilding is gone. It is not surmised that other companies will leave the field. Even if they do not, the action of the Germania has hurt—it proclaims San Francisco as an extra hazardous risk; it tells plainly that the fire is not feared so much as earthquake."

The action of the Germania cannot hurt anybody. It is only an advertisement of the fact that paying for a risk in the Germania company is not buying insurance at all. The Germania was one of the worst welters after the Chicago fire, compromising claims on as low a basis as five per cent. It is a concern that is willing enough to issue policies and collect premiums thereon, but unwilling to live up to its contracts or render quid pro quo for the money it receives. Instead of injuring San Francisco by leaving this field, it has improved the morale of the insurance business.

The Germania has abandoned the San Francisco field, not because the risks in San Francisco are extra hazardous, but because the Germania is itself bad pay and could no longer do business in that city because its dishonest methods have been exposed. Having slunk out of town, like an absconding debtor, its agents have the unspeakable assurance to say that it has refused to pay, its just debts because the risks in San Francisco are extra hazardous.

The Tacoma News will do its patrons a poor service by making apologies for such bunco insurance concerns as the Germania. Insurance is a necessity in the business world, but to be of value it must be insurance that insures, not a pretense of insurance that collapses and vanishes when the crucial test of payment of loss is applied. We assume that the News wishes to see the merchants and property owners insured in companies which do a sound and honest business, not in concerns which take premiums but refuse to pay losses, and if we are right it will advise its patrons to shun all companies which like the Germania, refuse to pay their losses in San Francisco.

A Boston paper inveighs sternly against sternly against "the crime of not voting." We know of several enthusiastic patriots in this State who are in State prison for the crime of voting too often.

With all their palaver the Chicago meat packers have never yet undertaken to explain why strict government inspection and laws compelling cleanliness in handling and packing meat will injure their business. They insist that their methods are all right, but they object strenuously to a system which will make sure that the packing methods are all right, and which, at the same time, will be a guarantee to the public that the goods sent out are clean and wholesome. However, it should be evident even to the packers that inspection has been made necessary by the recent disclosures. It will be so urgently demanded by the consumers of packing house products that the packers must consent to it or lose their trade.

If the police will cast their eagle eyes around the corner of Twelfth and Broadway they will observe some studhorse poker games at which minors are permitted to play. Out on San Pablo avenue they will also find a whisky joint, with a tamale room attachment, in which boys and young girls are served with liquor after legal hours.

The House has passed the pure food bill, but refused to concur in a pure whisky amendment. Apparently our lawmakers believe that whisky drinkers should gratify their appetites at their own risk, and must either take the chance of getting poisoned or abstain altogether.

Democratic Outlook in New York.

On the eve of his departure from New York Mayor McClellan said the Democrats of New York would nominate "an honest Democrat for Governor and give the Democrats honest issues to fight for."

This sounds well but it is a trifle ambiguous when examined closely. If it is not intended as a covert thrust at Hearst it is pure flimflam.

Everything depends upon who Mayor McClellan thinks is an honest Democrat and what he regards as honest issues. McClellan represents Tammany, which has never been looked upon as standing particularly for honest Democrats or honest issues. Consequently, whether they are taken as mere generalizations or the expression of a specific policy for the immediate future, the words of New York's mayor will be neither impressive nor convincing to the country at large.

If what he said was intended as a thrust at Hearst it is entitled to even less respect than if he were merely emitting the gaseous exhalations so frequently emitted by Democratic politicians. There is a widespread belief that McClellan is holding an office which rightfully belongs to Hearst. At any rate, the election was very close, and McClellan's small plurality was tainted by fraud and intimidation. This is alone enough to make McClellan shudder at the thought of nominating Hearst, but there is a still graver reason. Had Hearst stood out of the majority fight and allowed McClellan to be re-elected by a whooping majority, McClellan would today be the slated candidate for Governor of New York and strongly placed for the Democratic Presidential nomination. But at one stroke Hearst batted McClellan off both the Gubernatorial and Presidential fields, and came within an ace of unhorsing Tammany in New York.

These facts will serve to give some indication of the McClellan idea of what constitutes honest Democrats and honest issues. He has no liking for Hearst or Hearst's issues. But the trend of event points to the nomination of Hearst for Governor next year, whether McClellan likes it or not. It is quite evident that Tammany will not be permitted to name the candidate as the Wigwag was allowed to do in the last three campaigns. The Hearst, Parker and Herrick forces have combined against August Belmont and Tammany and taken control of the State committee. A Hearst tide seems to be rising all over the State, and Tammany may be again compelled to crawl obedient to the lash as it did in the days of Horatio Seymour, John T. Hoffman and Samuel J. Tilden. The Tammany delegation from Manhattan may be withheld from Hearst, but it does not seem possible for McCarren to hold Kings county against him. Erie county is solid for Hearst. So are the great industrial centers like Syracuse, Schenectady, Cohoes and Troy. All the factory towns are hotbeds of Hearst sentiment. So, Mayor McClellan may have to modify his conception of honest Democrats and honest issues after the meeting of the next State convention.

But if Hearst should be nominated and elected Governor of New York as a regular Democrat next year what will become of the Bryan boom that is having a revival in the South and West? The Democrats have always been willing to nominate for President the man that can carry New York, for without the Empire State there is no hope of Democratic success.

A Humbug of Literary Pedants.

A solemn critic says Rudyard Kipling has come very near making literature of journalistic writing. The fossil still pose as prophets. Forty years ago the greatest musical critic of the day said the ballads of Stephen Collins Foster were not musical compositions at all, but were ephemeral negro minstrel ditties which would tickle the ear of the uneducated for awhile and then disappear. The name of that critic has been forgotten (we will not recall it here, either) by all save a very few, but the songs of Foster have a wider vogue than ever, and we predict will be sung by millions centuries hence. Any writer who can catch the world's attention and hold its interest, and touch at the same time the heart and imagination, will live in the memory of future generations. Kipling has done this, and it does not matter whether literary Brahmins call his writing journalistic or not, it is literature, and will remain literature, whereas the great body of current prose and poetry labeled by the critics as literature will be gathering the dust of forgetfulness inside of ten years. The critics never have been able to realize that they do not make or unmake literature; that the law and the prophets do not depend upon them for interpretation; that they are neither the creators nor the arbiters of style; and that literature is not what somebody says it is, but what it is itself. The fusty rot about "journalistic writing" has passed for wisdom too long. It is sheer cant and humbug. It is as meaningless as the stare of the Sphinx, and has been put forward by the writers of Delphic humbug and Turveydrop vaticinations as a protest against the nervous, virile use of the vernacular rendered in a form easily understandable by everybody. In short, the term "journalistic writing" is employed by dull observers of empty forms to condemn a competition they cannot withstand, to deride work they cannot imitate.

"There are two kinds of insurance companies," remarks a contemporary by way of foreword to a condemnation of the short pay underwriters. Not at all. There are insurance companies and grafters. An insurance company pays its losses in full. A grafting outfit welches and shaves its own liabilities, thus proving that its credit is bad and its intentions crooked.

BEST AFTERNOON DAILY ON PACIFIC COAST.

The best afternoon daily, on the coast, without exception, is THE OAKLAND TRIBUNE, and in special features far exceeds the more pretentious morning dailies of the larger cities. Its editorial page contains the brightest and most reasonable comment that is to be found in the west, and is a source of joy and inspiration to the reader. Its special writers dabble in a little bit of everything, their scope ranging from political gossip to fashion's foibles and other human weaknesses, all entertainingly told. Its news service is unexcelled. Recently THE TRIBUNE began the publication of a regular Sunday morning issue which has won recognition throughout the state for its completeness and great variety of subject matter. THE TRIBUNE is one of the Journal's most welcome visitors. —Lompoc Journal.

You're nearly twenty now, or that's my guess;
Of greater wisdom I make no profession,
Since you've attained that age of more or less
Discretion.

For if I did profess to know a lot
More than you do, you'd frown, and that would
grieve me—
And furthermore I know that you would not
Believe me.

I have refrained from giving you advice,
Being one of experiences mellow,
Wherefore I know you think I am a nice
Old fellow.

I make it pleasant for you when you're here
And if I think you're wrong, make no correction,
That is one way of gaining your sincere
Affection.

But what if I should rag you all the time?
Your confidence in me would soon be shaken,
You'd shun me like a pestilence, or I am
Mistaken.

And so I will but turn aside and wink
And your regard will not grow even coolish,
For I don't say—however much I think—
You're foolish.

THE CHILDREN.

Mother of many children I—sprung of my heart and my brain—
And some have been borne in gladness and some have been borne
in pain.

But one has gone singing from out my door,
Never to come again.

Content and Ease and Comfort—they abide with me day by day;
They smooth my couch and place my chair as dutiful children may,
And Success and Power, my strong-limbed sons,
Stand ever to clear my way.

And these be the prudent children, the careful children and wise,
There was one, and only one, with a reckless dream in his eyes,
He who was one with the wind o' the dawn,
And kin to the wood and the skies.

Faithful and fond are my children, and they tend me well, in sooth;
Success and Content and Power, good proof is mine of their truth,
But the name of him that I lost was Joy,
Yea, my first-born Joy of Youth.

Well do my children guard me, jealous of this their right;
Carefully, soberly, ever by daylight and candlelight,
But, oh, for my prodigal Joy of Youth
Somewhere out in the night.

UNION MEN IN POLITICS

New York Organizations Following Advice of Gom-pera.

NEW YORK, June 25.—The advice of President Gomper, of the American Federation of Labor, to the affiliated unions to go into independent politics is likely to be followed by other bodies in this city than the Central Federated Union. The first of the outside bodies has been started under the name of the Abraham Lincoln Democratic League, of which Alexander Law, of the Brotherhood of Carpenters, is chairman.

The platform declares for direct nominations of all candidates, including postmasters, the single tax on land values and against the private ownership of public utilities. Chairman Law declared the movement a national one.

New Cure for Epilepsy.

J. B. Waterman, of Watertown, Ohio, rural free delivery, writes: "My daughter, afflicted for years with epilepsy, was cured by Dr. King's New Life Pills. She has not had an attack for over two years." Best body cleanser and life giving tonic pills on earth. Twenty-five cents, at Osgood Bros. drug store, corner Seventh and Broadway and Twelfth and Washington streets.

PREPARE FOR CONVENTION

Insurance Superintendent Committee Meets to Make Plans.

NEW YORK, June 25.—There will be a meeting in this city today of the executive committee of the National Association of State Insurance Superintendents to make plans for the annual convention of that body, which is to be held in Washington, D. C. Insurance Commissioner Folk, of Tennessee, who is in New York, and who is a prominent member of the executive committee, said that the Washington meeting would follow up the important conference held some months ago in Chicago, at which steps were taken looking to greater uniformity in the methods of formulating state reports of insurance companies and in other life insurance reforms, already made operative in New York state.

Women with pale, colorless faces, who feel weak and discouraged, will receive both mental and bodily vigor by using Carter's Iron Pills, which are made for the blood, nerves and complexion.

SUMMER SESSION OPENS WITH LARGE ATTENDANCE

Enrollment at Berkeley Is as Heavy as It Has Been in Previous Years.

BERKELEY, June 25.—The summer session of the University of California opened today, and all day long applicants for admission filed past the window of the recorder's office and obtained permission to be enrolled in the various courses. Then they went to the secretary's window and deposited the \$12 necessary for their admittance to the summer session. All day the professors of the University were besieged by students who wished advice before they should enroll in their courses.

The figures of the registration are not as yet obtainable, but it is said that the attendance of this year's session will be fully as large as that of previous ones. From the gathering of the students the effects of the earthquake and fire in San Francisco are not apparent for the numbers are as great as they were in former years.

COURSES GIVEN.

The following are the courses that will be given at the summer session: Philosophy, education, law, history, economics, music, Greek, Latin, English, German, French, Spanish, Italian, mathematics, physics, astronomy, geography, chemistry, botany, physiology, zoology, geology, civil engineering, drawing, agriculture, entomology, physical culture, domestic science, sanitary science, nature study, arithmetic, library science.

ADDITIONAL INSTRUCTION.

In addition to the regular courses hitherto given, the University is offering instruction in practically all the subjects which are taught in the primary, grammar and high schools. Courses in nature study, arithmetic, geography, American history, and reading, as well as to those which cover the various subjects of the high school curriculum, will be given. Primarily these courses are designed to give instruction in the subject-matter which they treat.

In addition to this, special instruction will be given in each department upon the method of teaching its particular subject and selecting the best materials, and special efforts will be made to bring attending teachers into touch with visiting superintendents, principals and other school authorities. The registration of the names and addresses of such persons.

The courses which are offered in the department of law are especially noteworthy.

THE INSTRUCTORS.

Among the instructors who will offer courses are the following: Professor Hugo De Vries of Amsterdam, botany; Professor John Adams, principal of the University of London Training college, education; Ernest Rutherford, McGill University, Montreal, physics; Ezequiel A. Chavez, sub-secretary of instruction and fine arts, republic of Mexico, a course of lectures in Spanish upon Mexico, its history, institutions and progress; Professor Frederick J. Turner of the University of Wisconsin, United States history; Professor George Burton Adams of Yale University, medieval history; Professor Josiah H. Pennington of the University of Pennsylvania, English literature; Professor George H. Ling of Columbia University, mathematics; Professor Alex. Forster of Tulane University, French; Professor Raymond Dodge of Wesleyan University, psychology; Professor E. P. Cubberly of Leland Stanford Jr. University, education; Professor A. H. Toder of the University of Washington, education; Hon. J. H. Ackerman, state superintendent of public instruction, Oregon, education; Frank B. Cooper, superintendent of schools, Seattle, Wash., education; Thomas L. Heaton, deputy superintendent of schools, San Francisco, education; Frank F. Bunker, assistant superintendent of schools, Seattle, Wash., education; Miss May Secrest of the California polytechnic school, domestic science. From the permanent faculty of the University some of those who will offer courses are: Professor J. Frederick Wolfe, music; Edward B. Clapp, Greek; W. J. V. Osterhout, botany and elementary agriculture; B. S. Holway, geography; Harry A. Overton, English composition; Henry W. Prescott, classical literature in English; E. C. Moore, history of education; Dr. B. S. Maxwell, physiology; Don E. Smith, Spanish-American history. In connection with the work in education, Professor F. E. Farrington will conduct an observation school near the University.

SPEEDY AUTO MEN CAUGHT

Police of New York Go Out in Touring Cars to Catch Offenders.

NEW YORK, June 25.—In an effort to lessen the number of Sunday automobile accidents in this city, Police Commissioner Bingham equipped two squads of police with high-powered touring cars yesterday and sent them out to arrest all violators of the speed law. The policemen were attired in the latest summer styles, and wearing their light-colored nightgown-like uniforms. Before the cars had made twenty-five turns, the squads of chauffeurs and owners of \$100 cash bail being required in each instance.

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice, endorse and praise in the strongest possible terms, each and every ingredient entering into the make-up of Dr. Pierce's Golden Medical Discovery, the famous stomach tonic, liver invigorator, heart tonic and regulator and blood cleanser. This is also equally true of Dr. Pierce's Favorite Prescription, for the cure of all those weaknesses and distressing ailments peculiar to women.

No other medicines sold through drug stores for domestic use, can show any such professional endorsement. Dr. Pierce's above mentioned remedies are non-alcoholic and non-secret, all their ingredients being printed on each bottle wrapper. They occupy a unique position and are in a class all by themselves. They are not the secret, not the mystery, not the rife to use in any condition of the system, even for the most delicate women and children.

Pure, triple refined glycerine, which is used instead of alcohol both for extracting and preserving the active medicinal principles from the roots of the several American forest plants entering into Dr. Pierce's medicine, is much superior to alcohol for these purposes, and is entirely free from the objectionable features inherent in alcohol, inasmuch as it produces only salutary influences upon the system, while alcohol, even in moderate portions, if long continued, as in the treatment of obstinate ailments, is very injurious and often begets a craving for stimulants. Furthermore, glycerine itself is a most valuable curative agent instead of being a harmful habit-forming agent like alcohol. Queen's root, Stone root, Golden Seal root and Bloodroot, as in "Golden Medical Discovery."

Besides its superior nutritive properties, glycerine is a valuable demulcent, and is a remedy in all cases of remedial action of all the foregoing roots in the cure of severe coughs, bronchitis, throat, laryngeal and other kindred affections of the air passages and lungs. It all "wasting diseases" where there is loss of flesh and gradual "running down" of the system, the glycerine certainly plays an important part in lessening the breaking down and wasting of the system, and promoting assimilation and increase of bodily strength and weight. It is a powerful reconstructive agent in all cases of impaired vitality and is especially valuable when associated and combined with the superior alteratives and tonics as in "Golden Medical Discovery" and "Favorite Prescription." Its wonderful solvent properties also play an important part in the cure of gall stones and severe constipation.

Glycerine is also one of the very best purgatives, as such counteracts the excessive fermentation of foods in the stomach, present in most cases of indigestion or dyspepsia. Thus the pain, itching of noxious gas, bloating and other disagreeable symptoms are overcome and the Stone root, Golden Seal root, Bloodroot and other ingredients of "Golden Medical Discovery" are greatly assisted in their action in completing a cure.

As will be seen from the writings of Drs. Bartholow, King, Scudder, Hale, Wood, Harkness, Hale, Ellingwood and other high authorities, the book mentioned above, is a valuable work for frequent consultation. Such a work is Dr. Pierce's Common Sense Medical Adviser. It's a book of 1078 pages, profusely illustrated, and given away free of charge. It is sold in cloth binding for \$1.50. Send it cents, in one-cent stamps, to pay for cost of mailing only for paper-covered copy, or \$1.00 for the binding. Write to Dr. J. C. Rorer, Buffalo, N. Y., or 31 cents for an elegantly cloth-bound volume.

melodious tones of the voices of Hope Mayne, Sybil Page, Arthur Cunningham and Eugene Weiner and laugh at the witticisms of Terris Hartman and Joe Fogarty.

The choral and orchestra parts of "Olivette" are particularly interesting and under Steindorff's able guidance some stunning results will be achieved. The costumes and scenery will be up to the high level we have been taught to expect from this enterprising management and the beautiful music and clever libretto of this work should prove a strong attraction.

The open air skating rink is growing more popular daily and the success of the season at Idora park is now assured. Arrangements are being made for a most difficult free display of fireworks on the evening of July 4. There will be a number of elaborate set pieces.

HE WILL STUDY OCEAN LIFE

Professor H. B. Torrey Goes
on a Trip to
Japan.

BERKELEY, June 25.—H. B. Torrey, professor of zoology in the University of California, sailed via the Morgan route for Japan last week on an expedition sent out by the United States Fish Commission to study sea and ocean life. The expedition was to be in charge of David Starr Jordan of Stanford University, but owing to the recent disaster at Palo Alto he had to remain at home. Dr. Gilbert, head of the zoological department of Stanford University, was placed in charge of the expedition. They will be gone for a period of three months, during which time they will study the different phases of fish life along the Pacific coast, thence they will go to northern Japan and to Yokohama. Each professor in the expedition will have his special line of work to study and write upon.

Immense Blaze, But Soon Put Out.
Yesterday the diners at Moraghan's Oyster-house on Golden Gate avenue were startled by seeing a great mass of flames issuing from the kitchen. It seems the gasoline stove had exploded, but the cook, with aid of a Fire Extinguisher, had the fire out in an instant before causing any material damage. —San Francisco Chronicle, June 23, 1906.

MINER'S WIFE TO BUILD NEW HOME

Mrs. D. Ramsey, wife of the Tonopah miner and capitalist, has again secured the services of Architect A. Dodge Conlin, and in the wake of the recent earthquake has had plans prepared and contracts awarded for another high class piece of residence work.

The Ramseyes settled in our bay district a few years ago and believe in the future possibilities here evident. Already ensconced in a beautiful rural residence of spacious proportions completed last year by Mr. Conlin, on Piedmont boulevard, Berkeley, they are now going forward to further improve adjoining property.

The new structure will be somewhat of an innovation, following the recent disaster, as it is the first residence of importance to be built on the new lines of safety to meet recently computed earthquake data.

The style will be of mission design with a tincture of Spanish. The entire exterior of the building will be faced up to a steel net even the diagonal close sheathing. A cement exterior, a tile roof, web reinforced chimneys, together with building tied down and bolted into reinforced foundations will make a dwelling abode fit to ride out the spasmodic possible flutters of mother earth.

Carried out on these lines the specimen of residential architecture renders a model for those who would build further into the future than the mere present. To have chimneys that can not careen and rock down into sleeping chambers of children is a matter of vital importance to all future home builders.

Inside will be those home qualities and accessories that will complement the artist's wish of all that is to be desired. Provision has been made for all utilitarian problems arising in the modern home. Commodious living and reception rooms, abundant chambers, heating and sanitary devices, servants' and chauffeur's rooms, auto garage and all else that goes to make and complete the ideal environment of domestic life are to be found here.

The architect's plans for the house, landscape garden work and other surrounding items of interest call for an expenditure of \$15,000. Following this improvement the Ramseyes contemplate more and further similar enterprises on Berkeley's classic slopes.

THINGS ARE GAY AT SANTA CRUZ

SANTA CRUZ, June 25.—The largest crowd of the season was on the beach Saturday evening. The rink was packed until the dance started and then the convention hall could hardly accommodate those who wished to trip the light fantastic. Had it been the old ball room had the people could not have got in at all. The new grill was so full that it was almost impossible to get a seat.

Within thirty-six hours after the fire, everything is here that was before, except some of the paid amusements.

The prevailing opinion here is that the conflagration will not hurt the reason in the least. Simply another case of "hob up scenery."

Ancient Rome is now merely a memory of the past. Bullfighting is the favorite amusement of the twentieth century. A positive cure for Rheumatism, Burns, Cuts, Sprains, Neuritis, etc. C. H. Ruyon, St. Mary's, Mo. writes: "I have used Snow Liniment for Rheumatism and all pain. I can't say enough in its praise." Sold by Vishart's Drug Store, Tenth and Washington streets.

COMPLIED WITH LAW.
The following letter is self-explanatory:

"June 21, 1906.
"J. D. F. Curtis, Esq., Manager Providence Washington Insurance Company—Dear Sir: I am in receipt of yours of even date wherein you state that your company's name was published in a list of so-called black-listed companies. In reply to your query for the facts in the matter, would state that your company complied with the law by filing with this department on the 15th day of June, 1905, a list of policyholders, in response to the demand made for compliance with the provisions of section 597 and 597a of the Political Code. I enclose herewith copy of letter received from the president of your company under date of June 11, 1906.
"Very truly yours,
"(Signed) E. MYRON WOLF,
"Insurance Commissioner."

Long Tennessee Fight.
For twenty years W. L. Rains of Belle Tenn. fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful. I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best cure in existence. Twenty-five cents. All druggists. Dr. J. C. Brown, 307 Broadway and Broadway and Twelfth and Washington streets.

BENEFIT AT YE LIBERTY THEATER

Managers Smith and Graham
Soon to Take Trip to
New York.

What will be the biggest show of the season will be given at the Liberty Theater next Wednesday matinee in the form of a testimonial to Managers Smith and Graham before their departure for New York on July 6. This testimonial is given by members of the profession in appreciation of the services rendered to them by Managers Smith and Graham during the past year and particularly during the strenuous time immediately following the recent great disaster.

It will be in the form of a professional matinee when every professional in this vicinity will be present and lend his or her aid to the performance in some manner or other. The performance will consist of the full strength of the Liberty company in Roy's great satire, "A Temperance Town," with added specialties by other members of the company, and there will be an act of comic opera and many vaudeville numbers from the Novelty and Hall Theaters will go to make up a show that for attractiveness will far excel anything seen in the show line in this city any time.

In addition to the bill itself there will be many other features that will be sure to attract, such as getting personally acquainted with some or all of the bay, for they will all be there and some of them selling bouquets and most prominent members of the profession on this and the other side of programs and others merely being there for the purpose of making you feel more at home and also to prove that they are quite approachable and really quite the real people. This also gives to the professional a chance to renew old acquaintances and make still more new ones. These kind of matinees are given in New York at every theater once a year for the benefit of the house manager and always prove to be the most interesting thing in the show of the season. Although this is the first of the kind attempted on this coast the members of the profession hope it will not be the last and they earnestly request the co-operation of the public to make this one a success. Tickets are now on sale at the box office and are but 25 cents and 50 cents, and you will see a show that ordinarily would cost several dollars to see.

GEORGE SMITH & CO'S ALL-NIGHT DRUG STORE

In large cities, all night drug stores have become an accomplished fact. They are the outgrowth of necessity. They have been inspired by experience. People become sick by night as well as by day. Sick people need medicine, no matter when they become afflicted. The time honored method, in the past, of "waking up the night clerk," is obviated by the new departure. Besides it is not always safe at night to put a prescription into the hands of a drug clerk who is only half awake, and who has, perhaps, worked all the preceding day. Oakland has become a large city and, of course, has introduced the all night drug store. There, a hundred and one things, not medicines, needed in an emergency in the family at night, may be obtained. George Smith & Co., 460 Twelfth street, near Broadway, run their drug store all night and patronage shows that the enterprise has been rewarded with success.

ATHLETES TRAIN FOR FIELD DAY

TO RENEW FIGHT GAME IN 'FRISCO

FIGHTERS ARE IN GOOD SHAPE

7 TO 6 IN HARD FOUGHT BATTLE

SAN FRANCISCO, June 25.—Many of the athletes who are to participate in the big meet in Golden Gate park on July 4th, spent yesterday morning on the track in the rear of the Hamilton grammar school. Only light exercise was taken, but the boys will get down to hard work during the coming week. Roy Pringle has been engaged as trainer and will report on the grounds at 5 p. m. today. The majority of those who turned out will represent the Olympic club. Among the wearers of the wings (who put in an appearance were A. A. Gardner, P. C. Gehardt, J. A. Garcia, Chester Bloek, Bob Weaver, E. Norman, L. Thompson, Tom Smith and O. Bodecker. A. de Maniet of the University of California, Chester Ball of Stanford, W. Garvin and A. Meyer of Lowell and G. Padilla of Luch also went through the paces.

President McCabe is expected to arrive late tonight. He will be asked to officiate as honorary referee. It is rumored, however, that he will be in this city for only one day. Two new trophies have been donated for the different events, one by J. F. McWilliams and the other by Colonel J. Curtis.

The original schedule of events has been revised and four additional races have been added to the programme. These are a 100 yard dash for members of the police and fire departments, a novelty race, open to all, an obstacle race and two-mile handicap run. The novelty race will be all probability be a half-mile walk. Such competitions have been eliminated from the inter-

collegiate meets in recent years, but the event will no doubt be a good feature of the card.

The mile run, which was originally set for a scratch event, has been changed to a handicap, as has the 440-yard dash. The fifty-yard scratch race will be for all schoolboys under fifteen years of age. The revised list of events will be contested in the following order:

100-yard scratch; 16-pound hammer throw; mile run, handicap; broad jump; 100-yard novice race (for athletes who never won a prize on any field day); pole vault; 150-yard high hurdle handicap; 16-pound shot put; 440-yard dash, handicap; high jump; 50-yard scratch for schoolboys under fifteen years of age; half-mile handicap for high school boys (individual); 220-yard handicap.

Military events—100-yard dash, for members of the police and fire departments; novelty race open to all; obstacle race; two-mile run, handicap; a one-mile relay race will conclude the programme. All high schools are eligible. Six men will be in each team. Between the events there will be boxing and wrestling contests.

"Ted" Rordan suggested to Al Conner that the committee put up a medal for a bout between Rordan and Schuler. These two won the light heavy and heavyweight championships respectively in the recent championship tournament under the auspices of the Olympic club. After considering the matter a moment Conner decided that this would not help the day's sport any, as it would serve to hurt the attendance among the women.

BATTILING NELSON IN ACTION.

SAN FRANCISCO, June 25.—The Nelson-Herman match, made by Morris Levy and Eddie Graney for Monday September 10, on which Admission day will be celebrated, promises to mark the destruction of the fight game in San Francisco, and will be the most important fight held on the coast since the Britt-Nelson affair last Admission day. Until Britt has wiped out the disgrace of his defeat at the hands of Terry McGovern, who on the morning of the fight was declared to be a mental and physical wreck, whom it was almost murder to pit against the California, Herman seems to be the best man to put against

the champion. The card will draw a great crowd and will create uncommon interest all over the country. Levy and Graney are making the match on the strength of the data already awarded Levy. In the opinion of those who have seen the fight, Nelson out of the fight game in San Francisco so long as Nolan remained his of the trust were not consulted. Griffin has been talking for some time of arranging a match for the reopening of the game here, but apparently let the opportunity slip away from him.

EXPECT TO SET NEW COAST MARK

BERKELEY, June 25.—It is rumored that Walter Christie, trainer of athletes of the University of California, will have some dark horses in the Olympic athletic meet, which will be held in Golden Gate Park on July 4th.

W. W. Gilmore, a graduate from the college of civil engineering with the class of this year, is entered in the shot-put. Christie has intimated on several occasions that the college man might be expected to set a new coast mark in putting the sixteen-pound weight. Gilmore, in practice at the university oval, cast the ball forty-four feet, nearly two better than the coast record, which was made in 1902 by Plaw of California.

As this was in practice the mark made by Gilmore does not stand as a record.

CORNELL WINS FOUR-OARED RACE

POUGHKEEPSIE (N. Y.), June 25.—Cornell won the four-oared variety race at two miles. Syracuse second, Columbia third, Pennsylvania fourth. Official time—Cornell, 10:35 1-5; Syracuse, 10:48 2-5; Columbia, 10:55 2-5; Pennsylvania, 11:06 4-5.

Syracuse won the eight-oared freshman race at two miles. Cornell second, Wisconsin third, Columbia fourth, Pennsylvania fifth. Official time—Syracuse, 9:51 3-5; Cornell, 9:55; Wisconsin, 9:56 3-5; Columbia, 10:07 1-5; Pennsylvania, 10:15 1-5.

Cornell won the eight-oared variety race at four miles, Pennsylvania second, Syracuse third, Wisconsin fourth, Columbia fifth, Georgetown sixth. Official time—Cornell, 19:38 4-5; Syracuse, 19:45 1-5; Wisconsin, 20:12 4-5; Columbia, 20:17 8-5; Georgetown, 20:38.

BOY BREAKS LEG. FRUITVALE, June 25.—Frank Kane, twelve years old, yesterday broke the front bone of his leg by falling over a stone not larger than an egg. The lad was playing with several companions near his home at 3505 Putnam street when he stumbled and in falling fractured the bone. He was taken to Dr. Callen, where the fracture was reduced.

YOUNG TENNIS PLAYER IS A STAR

SAN FRANCISCO, June 25.—The sixth annual scratch singles tennis tournament for the state championship, which was commenced on the California Club courts Sunday, proved a great success. Many spectators witnessed the matches, which were close and exciting in a number of cases. The tennis was considerably above the average, especially in two or three of the contests.

Of the twenty-six players entered in the tournament, but six remained at the end of the day's play. Melville Long and Harold Gabriel, two youngsters still in their teens, won two of the four semi-final places. George James, Percy Murock, Clarence Griffin and Herbert Long will fight it out for the remaining two places.

The stars of the day were Percy Murock of Alameda and Maurice McLoughlin of the Golden Gate Junior Club. Murock was in his old-time form and defeated the hitherto invincible Charles Foley. Murock followed this up by beating Carl Gardner easily.

While young McLoughlin, who is only sixteen years of age, was beaten, he made a remarkable showing against Coast Champion George Jones. Fortunately for the latter, he was at his best. McLoughlin played the championship to a standstill and had the spectators wild with excitement. With a little more tournament experience he would surely have beaten Jones. As it was, the champion won by the narrowest of margins. This match was one of the closest and most exciting ever played in this city.

YACHTS SAIL ON THE FIRST CRUISE

SAUSALITO, June 25.—In a spanking breeze nine yachts of the Golden Gate Yacht club left the clubhouse at Sausalito shortly before noon yesterday for the initial cruise of the new organization.

WILL ALLOW 4 AUTOS ON BOATS

SAN FRANCISCO, June 25.—President R. P. Schwerin of the Automobile Club of California has received the following letter from General Superintendent W. S. Palmer of the Southern Pacific:

"San Francisco, Cal., June 22. "Mr. R. P. Schwerin, President Automobile Club of California, City—Dear Sir: For your information be advised that instructions have today been issued allowing four automobiles to be carried on any one of our boats between Oakland and San Francisco, all other restrictions as set forth in regulations effective October 15, 1936, to be rigidly enforced. Yours truly, "W. S. PALMER, "General Superintendent."

AN ATHLETE DROPS DEAD TAPE

WESTFIELD (Mass.), June 25.—Just as he crossed the tape at the end of a quarter mile sprint, William Karns of Chicopee high school dropped dead. The death ended the annual interscholastic games of the Westfield and Chicopee high schools here, which had been participated in a number of events and was held in no condition to participate in the quarter mile run.

LURLINE WON THE OCEAN RACE

HONOLULU, June 25.—The Lurline became winner of the trans-Pacific yacht race at 11:30 a. m. yesterday, when the time allowance expired. At 4 p. m. neither La Paloma nor Anemone had been sighted.

The Lurline arrived at Honolulu on Saturday evening at 7:30 o'clock. Yesterday at 11:30 the Lurline was declared the winner when the sixteen hours time allowance which she had to allow to La Paloma, expired. The Anemone, being a larger boat than the Lurline, had to allow time to the winner.

At four o'clock yesterday afternoon the two competitors of the Lurline had not been sighted. To yachtsmen in this vicinity the victory of the Lurline was expected. She is a much larger and abler boat than La Paloma, and the smaller boat, even with her sixteen hours allowance, was not conceded a chance with Commodore Sinclair's schooner. The Anemone is from New York and her capabilities were not known, but it did not seem probable that a hatch rigged boat would be able to make enough speed to get to Honolulu ahead of the Lurline, which has repeatedly demonstrated that she is as fast as any schooner that has ever been seen around these parts.

Before becoming the property of John D. Spreckels and the last time Yacht club, the Lurline was owned by John D. Spreckels and the last time she competed in a race was on the 10th of September, 1935, in the Pacific Inter Club Association's regatta, when she was sailed by her owner and lost to J. M. Macdonough's fast schooner, Jesse after an exciting race.

The time made by the Lurline from San Pedro to Honolulu was twelve days, seven hours and ten minutes, which is clipper time, and the weather must have been favorable most of the way.

The first collision with the Ariel and got a broken mast for her pains. Half an hour later the flagship Telemachus poked her nose into an obstinate wharf at El Campo and pulled out minus her bowsprit and jib. These incidents, however, seemed only to add zest to the day's sport.

Which the fleet left Sausalito it contained the following yachts: Telemachus, Sappho, Ariel, Arturus, Minstrel, Ripple, Ruby and First. The Sappho and the Ariel each carried half of the League of the Cross band of San Francisco, while the Minstrel sailed to the accompaniment of a local orchestra.

ALAMEDA BOYS READY FOR REGATTA

ALAMEDA, June 25.—The Alameda Boat Club is to be well represented at the regatta to be held on Lake Merritt July 1. The members of the various crews are now training for the events and expect to capture a number of the prizes.

R. B. Thibault, who for three years has been a member of the senior crew, will again compete. Thibault is considered one of the ablest oarsmen in the clubs about the bay and has won a number of single events.

The senior crew of the club has been in training for two weeks, and the Alameda contingent believes that the race is as good as won. A number of competitors have not yet appeared on the scene, and the odds for Sunday will not be settled until a few days before the race.

Carson Doolittle will again steer for the Alameda. For three years this youth has been at the helm for crews of the club.

The regatta will bring together many of the oarsmen of the coast for the first time in many months and is expected to be a strong drawing card.

George H. Sargent, a member of the Alameda crew, and a member of the Alameda crew, will again compete. Thibault is considered one of the ablest oarsmen in the clubs about the bay and has won a number of single events.

PLUNGERS ARE ASKED TO EASE UP

NEW YORK, June 25.—The Jockey Club stewards, fearing too much publicity concerning race track gambling, have been making extraordinary efforts for a week to get the plungers and bookmakers under control. Both have bolted, and with the bit in their teeth have maintained a runaway pace that left orders and suggestions to bring up the rear.

Layers of odds and bettors have listened to Robert Pinkerton, who brought the steward's commands, promised to join the army of "plungers" and straightway have gone ahead and bet as many thousands of dollars as they wished on every horse they thought would win.

The good luck of the bookmakers at the Gravesend track, who won in three days a million dollars, and the publicity that followed prompted the stewards to notify the plungers that it would be much better for the interests of the turf to refrain from heavy speculation in the future.

HIGHLAND TERRACE HOME SITE.
\$2000—This beautiful home site, located below the market price. A builder could readily sell 2 homes here; convenient to Piedmont station of the Key Route trains.

EAST OAKLAND COTTAGE.
\$2000—A good, comfortable cottage home near E. 17th st. and 5th ave., having 5 rooms and bath, laundry, etc., and the lot is 6x100; \$350 cash, with balance flat mortgage 1 year at 7 per cent.

DOWNTOWN COTTAGE INVESTMENT.
\$2500—Here is a cottage on Fallon st.; 5 rooms and bath, with a basement of 7 rooms; could be rented for \$35 per month. Look at it and see if you can better this, for small investment.

COTTAGE WITH LARGE LOT.
\$3250—Yes, the lot is 50x100 and the cottage is new and modern, with 5 rooms and bath, located on 31st st. near the car line and within walking distance of the Key Route trains.

\$500 CASH \$30 MONTH.
\$3300—New two-story, 7 rooms and bath, on Shattuck ave.; lot 34x100; convenient to Key Route trains, or will build on adjacent lot cottage or bungalow to suit on same terms.

WALSWORTH-AVE. HOME.
\$4500—This splendid home on Walsworth ave., near Santa Clara ave., containing 8 rooms and bath; new and modern; lot 37x113; will rent for \$50 mo. easily.

HOUSE AND BARN.
\$3750 will buy this substantial home of 8 rooms and bath and barn, on lot 50x100; on Milton st., close to San Pablo ave.; new; easy walk to 22d St. Key Route; only half cash.

FLATS PAYING 13 PER CENT.
\$4000 for 2 flats, on a corner lot, near the new 22d-st Key Route station at Broadway; rents now for \$48 per month.

\$5500—Here is a chance for making good investment; small outlay; lot 54x100, on 5th st. near Castro; house 10 rooms.

\$2500—Cottage, 5 rooms and bath; on 4th st. near Oak; lot 25x100; no mistake here on values rising.

\$2200—West Oakland home, 6 rooms and bath, near 10th and Pine sts.; lot 30x125. Don't miss this.

\$10,000—50x100, corner on 7th st., between Clay and Brush; 13 rooms; improvements; A No. 1 for investment; can be made to net 12 per cent.

\$7000—\$35 monthly income, 2 stores and 11 rooms and bath; corner, 43x100; close in, on San Leandro road; well worth \$3000, must sell at once.

FACTORY SITES AND SUBDIVISION.
Twenty-one and a half acres water front, railroad through the property; switchage can be put in, making a number of desirable factory or warehouse sites; remainder can be sold for moderate price homes. Present owner does not care to handle in subdivisions, but will sell so that a splendid margin can be made to buyer. Price \$2500 per acre. Owner will take back mortgage for portion.

HOUSES, COTTAGES, BUNGALOWS, HOMES OF EVERY

DESCRIPTION. OAKLAND, ELMHURST, FITCHBURG;

CASH OR TIME PAYMENT; OR WILL BUILD TO SUIT.

\$200 a Month

\$10,500—With guaranteed lease for 8 years, is what we are offered for this corner, 16x75, with new building of 70 rooms; this corner is near the railroad and close in; the ground will always be valuable; this will net about 22 per cent besides the increase in value of the property.

\$8000—Four 6-room flats, 7 blocks from Broadway and 7th st., with rental \$100 a month, \$2500 will carry this, balance at 5 per cent; this will net about 20 per cent and is a perfectly safe investment. Call at once if you wish to investigate this before it is sold.

\$2000—Two 4-room flats and 6-room cottage in rear; located on Henry st., West Oakland near S. P. shops; good renting district; rented now at \$24, and would easily bring \$30-\$40 for cash and investment, which would pay 13 per cent. This price holds good for three days.

\$35,000—Lot 50x100, 100 feet east of Broadway, on one of the best cross streets; occupied by 60-room hotel, paying large interest on investment; this price includes the furniture.

\$11,000—Lot 25x100; store with flat above, on 7th st., 100 feet from Broadway; rented now at \$100 per month; owner is offered \$150; this property is rapidly increasing in value, but few have an exclusive contract and can deliver it at this price.

\$25,000—Corner lot, 100x100, with 10 apartments, besides 5 large basements, which can easily be made into apartments; this property is leased for 6 years at \$250 per month, and owner reserves one basement; tenants pay water rent and all repairs; thus leaving this amount of rental a net income to the owner; these buildings are in first-class condition; lease is guaranteed for 5 years, therefore the owner would be relieved of all responsibility of renting for this length of time.

\$5750—High class Piedmont home; fine corner lot, with trees and shrubbery; house is new, thoroughly well built and in every way a desirable home; this would be cheap at \$6500; this price has been made low in order to force a quick sale.

\$3500—Large 12-room residence, corner, 37x76, on Madison st.; this building is in excellent condition; the price has been reduced from \$5000.

\$3150—Lot 25x100, on 5th st., near Harrison; 2 6-room cottages; will rent for \$45. \$1500—Large 6-room cottage, on 5th st., near Madison, with 3 rooms in basement, occupied by 2 families; will pay 20 per cent on the investment.

\$2100—Six-room cottage, on Lowell st., lot 45x100; convenient to Key Route and best street car service; location is very good; house is new.

STANDARD OIL TO BATTLE

Will Fight Government
in the Philadelphia
Courts.

NEW YORK, June 25.—The Times in a special dispatch from Philadelphia today says: Philadelphia is to be the scene of the first great prosecutions to be brought by the government against the Pennsylvania Railroad and the Standard Oil Company. Arrangements for the prosecution will be completed this week in New York at a conference between Alexander Simpson Jr. of this city and Charles E. Hughes.

The chief question under consideration is the advisability of individual prosecutions against A. J. Cassatt, president of the Pennsylvania Railroad. This was plainly indicated today by a lawyer who has been intimately associated with Interstate Commerce Commission hearings.

Both the commissioners and the special counsel appointed by the attorney-general to follow the testimony and prepare for the prosecution it is believed more good can be accomplished by entering prosecution upon Mr. Cassatt than by scattering energy over the prosecutions of the presidents of all the railroads concerned, most of which are directly or indirectly controlled by the Pennsylvania.

Although Messrs. Simpson and Hughes were lawyers especially appointed to report upon the prosecutions, it is understood they have the consent of the government to associate with themselves other counsel and when the first cases are called here, William A. Glasgow Jr., who has conducted the examinations for the Interstate Commerce Commission, will be found with them.

PLAN FOR DEFENSE. District Attorney Thompson has been advised by the attorney-general to prepare for the prosecutions. Pennsylvania Railroad lawyers are working night and day making plans for defense.

The charge to be made by the government will be conspiracy. The charge, if proved, will carry a penalty of imprisonment. Mr. Simpson, before leaving Philadelphia, said that he has been in constant communication with President Roosevelt and the attorney-general and that the great mass of testimony brought out at the recent hearings is by no means all that the prosecution will have to depend upon. Since the hearings have closed he has got a large amount of valuable information from private sources.

GOVERNMENT OWNERSHIP. It is said on the authority of one who has been closely connected with the investigation of the coal-carrying roads by the Interstate Commerce Commission that the commission in its report will advocate government ownership of the anthracite fields. This, it is declared, will be urged as the only means of protecting the public from extortion.

The report will directly charge five railroads with violations of various anti-trust and interstate laws. It will advocate further legislation which will completely divorce railroads from any connection with the bituminous coal industry or any other industry along their lines.

DEBATE ON BILL IN HOUSE

Immigration is Now the
Subject of Much
Discussion

WASHINGTON, June 25.—Mr. Daisell, Pennsylvania, from the committee on rules, today reported a rule taking up the immigration bill. The rule provides for three hours of debate under the five-minute rule, one hour to be devoted to the consideration of section one and two hours to section eight. The previous question having been ordered, Mr. Daisell explained the object of the rule.

Mr. Dearmond, Missouri, said this was an illustration of the effect of restrictive legislation. The rule, if adopted, would prohibit a vote on any of the amendments, but members would be compelled to vote directly on the substitute.

EDUCATIONAL TEST. Mr. Gardner, Massachusetts, asked if a yes and nay vote would be permitted on the "educational test," which is made a part of the house substitute. He was informed by the speaker that if the rule was adopted there would be no yes and nay vote, as the questions in issue would be settled in committee of the whole.

Mr. Gardner said it was a very bad rule which had excited considerable laughter, for until Mr. Dearmond showed the sweeping character of the rule he had declared he was satisfied with the restrictions. He said that he had now a very different appreciation of the statements made about the capital and the same statement embodied in a rule. He did not believe the house would stultify itself by refusing an honest expression on the educational clause.

SPECIAL RULE. "We have had an assuming illustration of legislation by special rule," said Mr. Williams, Mississippi. "Even the very sponsor of the bill (Mr. Gardner, of Massachusetts) has had his eyes opened by the questions asked by the house the effect of these questions on the nervous system of the gentleman from Massachusetts is about as amusing an illustration of the general system of legislation by rule as anything that has ever occurred in the house except the speaker's reply to the gentleman's question when he said everything was all right."

Mr. Williams further stated that the gentleman from Massachusetts was having his idols shattered so far as he believed in the integrity of treatment received in committee of the whole. He was learning that in committee of the whole a man would vote one way when there was no record kept of his vote and vote in wholly different manner on a year and nay vote.

AN OLD RULE. Mr. Watson, Indiana, explained that the rule was in accordance with the parliamentary practice of the house for a hundred years and that never in the history of the house was a substitute to a bill voted on except as a unit. The rule was adopted by a vote of 151 to 59. The house immediately went into committee of the whole with Mr. Watson in the chair for the consideration of the immigration bill.

KING MAKES VISITS. TRONDHEIM, June 25.—King Haakon made a round of visits to the foreign warships today and personally presented coronation medals to the officers.

PASSING OF A PIONEER

Mrs. Celestine Searing, an Old
Resident, Dies in This City
on Sunday.

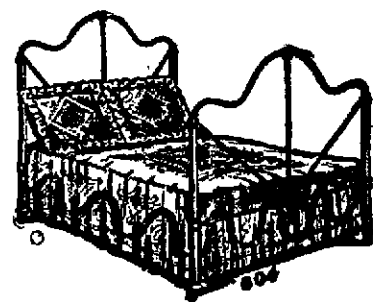

Mrs. Celestine Searing, one of Oakland's most highly respected pioneer women, died yesterday afternoon at the Kings' Daughters' hospital of cancer of the stomach. She had been ill for some time, and four months ago was removed from the family residence, 509 Sixth street, to the hospital. The funeral will be held at 12:30 tomorrow from McManus' undertaking parlors, and the interment will be at St. Mary's cemetery.

Mrs. Searing was a native of France, and came to Oakland in 1832. In 1859 she was married at San Leandro to William Searing, a prominent resident of Oakland, who died fifteen years ago. Mrs. Searing was well known in Oakland, and enjoyed the respect and affection of all her acquaintances and friends. A son, F. W. Searing, survives her.

SEARCHES FOR LOST BROTHER

Charles Bieger Comes From Chicago in Quest of Relative
Who Has Disappeared.

After dispatching a letter to his brother, informing the latter that he was sick unto death, all hope for his recovery having been abandoned by his physician, Adolph Bieger, 32 years old, who on June 15 left his home in Alhambra, Tulare county, to come to this city for medical treatment, has disappeared. After a search of several days, his brother, Charles Bieger, who came to Oakland from Chicago immediately on receipt of his brother's letter, and who has been unable to find any trace of the missing man, reported the matter to the police this morning. Bieger had been living for the last five months in Alhambra but had contracted some form of acute lung trouble. Failing to secure any benefit from the treatment of physicians there, he came to this city to secure the services of a specialist in pulmonary troubles. He left his home on June 15, and arrived in Oakland on the following day, as is proven by the date on a registered letter, which he mailed to his brother Charles, who was at that time in Chicago.

In this letter Bieger declares that he has abandoned all hope of recovery and has left his body for medical research. Before starting for this city Charles Bieger visited his brother's home in Alhambra, where he found the house closed and no trace of his brother.

Coming to this city, he began a search of the hospitals and also inquired at the various undertaking parlors and at the offices of the board of health for news of the missing man, but without avail. As a last resort he reported the matter to the police and asked their aid in locating his missing brother.

WILL WIDEN SCOPE
OF INVESTIGATION
WASHINGTON, June 25.—The senate today passed Senator La Follette's joint resolution extending the scope of the inquiry now being conducted by the interstate commerce commission under the Tillman-Clayton resolution, so as to have it include the transportation of passengers by train.

VENEZUELA NOT TO BE THERE

President Castro Not in Favor
of Taking Part in Meet-
ing.

NEW YORK, June 25.—The Tribune today says: "Advice from Caracas say that Venezuela will not be represented at the Pan-American congress at Rio. The reason given, semi-officially, is that General Cipriano Castro, whose resignation from the presidency has not been accepted and who will return to office on July 5th, fears that the United States seeks to use the congress for the purpose of obtaining control over the South American republics."

One of the Castro newspapers says: "Venezuela will not take part in the Pan-American congress at Rio because there is no disposition on her part to serve as the instrument of the United States in the latter's sinister designs against the weak republics of South America."

The present attitude of the Venezuelan government toward the Pan-American congress recalls the action of President Castro when the congress convened at Mexico City a few years ago. It was at the time that Colombia and Venezuela were involved in controversies which threatened to precipitate a war between the two countries. General Rafael Reyes, now president of Colombia, was one of the delegates from his country to Mexico City, and Venezuela was also represented. The congress called to President Castro the suggestion that these differences be submitted to arbitration. Castro replied: "Please don't meddle in our affairs." He also withdrew Venezuela's delegates from the congress.

This action caused Dr. Eduardo Bianco, minister of Foreign Affairs, to resign. It is said that Venezuela's real reason for not taking part at Rio is Castro's failure to have gratified his desire that the congress meet this year at Caracas.

EXTRADITION WAS COSTLY

\$100,000 Spent by Government
in Greene and Gay-
nor Cases.

WASHINGTON, June 25.—It cost the government \$100,000 to extradite Greene and Gaynor and bring them to trial. This statement is contained in a letter written by Attorney-General Moody to Chairman Taft, explaining a request for a deficiency appropriation. Of this sum he says \$22,500 is to be paid to foreign counsel in this case. "Their services," he said, "began several years ago, and were completed during the fiscal year by the return of Greene and Gaynor to Savannah for trial."

Excuses do not
AVAIL THE DRUNKS

Fifty arrests for drunkenness was the record of the police department for the last forty-eight hours, and this morning the docks of both departments of the police court were crowded with those who, because they had been unable to secure bail, were compelled to remain in jail.

Excuses were not in order in either court, Police Judges Smith and Samuels imposing the usual sentence of thirty to sixty days imprisonment, in nearly every case.
